

TEN PERSONS DIE WHEN CHURCH BOMB BLOWS UP STATION

Bomb Designed to Destroy Italian Church in Milwaukee Explodes As Police Officers Examine It

ITALIAN FINDS EXPLOSIVE

MILWAUKEE, Wis., Nov. 24.—Ten persons were killed and several injured tonight when a bomb, designed to destroy the Italian Evangelical Church, in the heart of the third ward, an Italian settlement, exploded in Central Police Station where it had been carried for examination.

Seven detectives, two policemen and one woman were killed.

The bomb which was of scientific construction and evidently with a time fuse attached, was found in the basement of the church this afternoon. Police headquarters were called and Detective McKinney was sent to get the missive. On his way he met an Italian named Muzolini who was taking the bomb to headquarters. McKinney accompanied him back to the station.

While Muzolini was taken to the office of Lieutenant Flood for questioning, Desk Sergeant Henry Decker took the bomb into the patrolmen's room.

Meanwhile detectives were answering roll call on the second floor and just before dismissal they were informed that the bomb had been found. On going downstairs they grouped about the missive. Without warning it exploded killing seven of the number instantly.

The known dead:

Detectives Charles Zehner, David O'Brien, Fred Kaiser, Joseph Stockton, Albert Tompkins, Frank M. Caswin and Paul Weiler; Station Keeper H. Decker, Operator Edward Spindler, Catherine Walker.

The injured:

Detective Louis Hartmann, fracture of right arm, and Detective Herman Berzen, leg injured.

Lieutenant Flood in charge of the station at night, escaped.

According to one of the detectives the bomb was a cylinder shaped affair about one foot in length and eight inches in diameter. Inserted in the top was a small bottle of liquid supposedly nitroglycerin.

The explosion which was heard throughout the main section of the city brought thousands of persons to the scene. Firemen from a station nearby aided in the work of rescue. Many of the bodies as they were taken from the building were removed to the county jail which is just across the street from the police station. From there they were taken to the morgue.

ROBBERS MAKE \$15,000 HAUL OR BETTER

DANVILLE, Ill., Nov. 24.—Bank robbers, using Oxy-Acetylene gas, cut thru the bank vaults of the First National Bank at Pana, Indiana, forty miles south of this place, early this morning, and made away with about \$15,000 in currency and bank securities. In cutting their way thru the vault doors the money was in danger of burning and the thieves carried water to cool the heated doors, leaving the buckets on the floor as evidence. The work was carried on so quietly that no one in the village was disturbed.

Automobile tracks indicated they had come in machines. No trace of them has been found.

The robbery was discovered this morning by the president of the bank when he opened up for the day's business.

ALL BOYS TAKE NOTICE

All Sunday school and Y. M. C. A. boys of Jacksonville 15 to 20 years of age, will be admitted to all sessions of the Older Boys Conference this week, and the banquet on Saturday night, on payment of 75c, the price of the banquet. Enroll at the Grace M. E. church on Friday afternoon. The local committee urges all boys eligible to enroll.

Mr. and Mrs. William Kirby of Franklin were among the business visitors in the city Saturday.

Miss Addie Watson of Waverly was a Saturday shopper in the city.

MINOR AUTOMOBILE ACCIDENT

Alonso Smith of this city was the victim of what might have been a serious accident Saturday morning when he sustained a badly cut eyelid as a result of an automobile in which he was riding hitting a bump and throwing him against the top of the car. The injury is a very painful one, tho at present no serious results are anticipated. Young Smith's left eyelid is badly bruised and cut.

UNION SERVICES

THANKSGIVING DAY

Union services will be held on Thanksgiving day at State street Presbyterian church. The services will be held at 10:30 o'clock Thanksgiving morning with sermon by Rev. W. W. Theobald, pastor of Brooklyn church. Thanksgiving day will carry a new meaning to the nation this year and it is hoped and expected to make this service one of great import to the community.

CHAMBER OF COMMERCE CHANGES WORK PLAN

Directors Discuss Future Policy—Will Not Employ Salaried Secretary This Year.

Directors of the Chamber of Commerce in discussing the future of that organization are of one mind that it should be kept intact. During recent months the Chamber of Commerce has been in a semi-dormant state without the services of an active secretary. It is realized that the times are not very propitious for any special efforts along the line of establishing new industries here, but there are nevertheless various public matters which must of necessity, be referred to some business organization. It is quite probable that at some early date a meeting of members of the organization and business men generally will be called and a definite plan of work adopted.

At a recent meeting C. F. Ehnie, M. R. Fitch and Carl H. Weber were named a committee to make a report on the advisability of maintaining the present quarters or securing others. It is not probable that the services of a salaried secretary will be had for the coming year as there is a general feeling that it will be advisable to keep the expense account at as low a figure as possible. It has been suggested that it might be satisfactory to both the crop improvement association and the business men's organization to have an office in common and this proposal will be investigated, altho it is understood that the farmers' club is desirous of securing headquarters in the court house.

WORK STARTED ON PRISON CANTONMENT

LEAVENWORTH, Kans., Nov. 24.—Work is to be started immediately upon a prison cantonment here in which will be lodged snickers, spies, alien enemies and other war offenders. It was announced today by officials at the disciplinary barracks.

The cantonment, which will provide accommodations for 2,000 prisoners, will consist of twelve buildings costing \$236,000. It will be surrounded by a barbed wire fence sixteen feet high.

The inmates will be placed at hard labor. Construction of the cantonment was made necessary by the influx of war offenders, it was stated.

WEATHER PREDICTIONS FOR COMING WEEK

WASHINGTON, Nov. 24.—Weather predictions for the week beginning Sunday issued by the weather bureau today.

Great Lakes region: Fair and continued cold Sunday, probably followed by local snows and somewhat warmer Monday and Tuesday in upper lake region and by Tuesday in lower lake region. Generally fair thereafter, with nearly normal temperatures.

Plains states and upper and middle Mississippi valleys: Local snows over northern and snow or rain over southern portion early days of week, with somewhat higher temperatures. Generally fair thereafter, with nearly normal temperatures.

U. S. SHIPS RETURN AFTER SINKING A GERMAN U-BOAT

Destroyers Disable Submarine by Depth Bomb—Crew Sinks Boat and Americans Lose Prize

TAKE NO CHANCE ON TRICK

Base Of The American Flotilla In British Waters. Nov. 24.—By the Associated Press.—The American destroyers which were responsible for the latest sinking of a German submarine have returned to their base with flags flying. Their victory over the U-boat was one of the cleanest, neatest, and quickest of anti-submarine work yet recorded.

The submarine was disabled by a depth charge, rose to the surface three minutes after the charge was fired, hung hesitatingly at the surface for a moment and then sank to the final place of lodgement at the bottom of the sea.

The pressure of water at the 200 foot or so depth at which she sank soon completed the work of destruction on the strained plates of the submarine's hull. For a long time bubbles and oil continued to rise in great gulps from the grave where she lay, and then the Americans made assurance complete in a manner of which it is unnecessary to go into detail.

It was daylight with good visibility when the periscope was sighted by the lookout of a destroyer which, with a sister craft was engaged in its customary duties. The submarine commander was just preparing to fire a torpedo at one of the destroyers or at a merchantman nearby.

Periscopes two points off the starboard bow" sang a lookout in a voice which could be heard from end to end of the craft. Instantly an alarm to general quarters was sounded and the helm thrown hard over.

Signal flags were swung out notifying the sister ship of the exact location of the enemy. At the same time the Heliograph began its staccato flashing of orders for a combined attack.

A scant of eighteen inches of periscope had shown above the surface of the sea 400 yards distant for a few instants and then vanished. In less time that it takes to tell, the destroyer opened throats and fairly leaped into the track where the periscope had disappeared.

Commander Releases Depth Charge

At the proper moment the commander on the bridge released a depth charge. The powerful explosive three hundred pounds in weight in its steel case sank with a little splash into the destroyers wake and at the regulated depth responded to the blasting of its valve and burst.

A vast extent of water was upheaved and rose in a column to a great height. That the charge had found its mark was shown by a mass of oil and bubbles which marked the spot as the water found its level.

Meanwhile a second destroyer passed and dropped a second depth charge, and then followed the tactics of the first destroyer in circling the spot. The two destroyers did not have long to wait. In less than three minutes there was a rush of water and the U-boat, whale-like, came to the surface not more than 500 yards from the first destroyer.

The Americans were taking no chances on a German trick. The gun crews stood with their guns, machine guns and torpedo tubes trained on the stricken enemy ready to let loose a shower of steel in case the submarine showed fight. But the U-boat was badly stricken; the explosive charge had done its work thoroughly. Altho the upper part of the boat appeared to have been untouched, it was evident from her actions that the submarine was unmanageable. She was badly listed, owing to the damage to her ballast tanks, and it was apparent that her engines had jammed.

Several American sailors jumped into the sea in an effort to get the prize buoyed up with hawsers so she could be towed to port. One line was fastened to the submarine successfully but before it could be reinforced she sank.

CAMP TAYLOR MAN VISITING RELATIVES HERE.

Herman L. Evans, of Camp Taylor, Ky., was an arrival in Jacksonville Saturday. Mr. Evans was one of the first six men to leave Morgan county for the southern cantonment and looks to have been well taken care of. He likes camp life and has much to say in praise of national army life. He is home on a five day furlough. It is understood Mr. Evans has received an appointment of a clerkship in the quartermaster's department at the camp.

ARRIVE AT CAMP PIKE

Little Rock, Ark., Nov. 24.—About five hundred men from Camp Dodge, Des Moines, Ia., arrived at Camp Pike, Ark., yesterday. Practically all are Iowans. Two hundred are men from Iowa and 300 men from Illinois arrived Thursday.

GOMPERS RE-ELECTED HEAD OF A. F. OF L.

Every Officer of Federation Succeeds Himself with Exception of Treasurer.

Buffalo, N. Y., Nov. 24.—Samuel Gompers, president of the American Federation of Labor for 35 years, was re-elected today virtually without opposition and with him every officer of the federation except John B. Lennon, treasurer, who was defeated by Daniel J. Tobin, president of the International Teamsters and Chauffeurs Union.

Mr. Tobin in accepting office, said:

"Since war was declared, I have tried to carry out the wishes of President Wilson and of President Gompers of the federation. With thousands of men in our union there has not been one strike. We are trade unionists but we are Americans first and should be willing to make any sacrifice in this cause." (Applause.)

President Gompers pledged his undivided loyalty and effort to the cause of men who toil in "the most crucial period in the history of labor movement and of the world." (Cheers and applause.)

There were a few scattering votes against Mr. Gompers and one against Frank Morrison for secretary.

WILL OPERATE ALL EASTERN ROADS AS ONE GREAT SYSTEM

Railroad War Boards Decide to Centralize Eastern R. R. Lines to Obtain Greatest Efficiency

WILL POOL FACILITIES

WASHINGTON, Nov. 24.—Operation of all railway lines east of Chicago as one centralized system was decided on today by the railroad war board to obtain a maximum of efficiency in train movement. Cars and trackage facilities will be pooled regardless of ownership or the railroad individual interest. The plan follows.

Division of locomotives, employees and machine tools from western to eastern railroads.

Utilization of repair shops on the western lines for repairing eastern equipment.

Pooling of all tracks and equipment in the east wherever practicable.

Pro-rata distribution among eastern roads of open top cars on a basis of tonnage carrying capacity of the equipment in the pool.

Division from congested lines of all freight that can be handled by any open route.

To make more effective the pooling arrangement the war board recommended the following:

Survey present contracts and the methods of purchase and shipment of coal that cross lines may be eliminated so that coal may move on shortest route from producer to consumer.

Extend pooling of coal production and shipment.

Transfer movement of foodstuffs and other export commodities to southern ports to relieve congestion in North Atlantic ports.

Survey all government requirements involving the movement of raw materials and manufactured products so that accumulations on roads and in terminals may be eliminated while products are awaiting shipment or export.

Require wherever possible the building of war industrial plants in territory other than the eastern seaboard.

THREATENED WITH GRAIN SHORTAGE

London, Nov. 24.—Vienna is threatened with a shortage of grain, bread and other foods, owing to transport difficulties, according to reports made at a conference of local food organizations, according to despatches from Copenhagen. The population, it was said, was startled by the statement that Vienna only had sufficient bread for the next ten days. Sufficient potatoes were available, however, to allow each person one and one-half kilograms weekly.

SOLDIERS INJURED

Topeka, Kan., Nov. 24.—Two soldiers and three trainmen were injured when a special train on the Union Pacific railroad crashed into passenger train No. 105 on the Atchison, Topeka and Santa Fe railroad at the junction of the two roads in North Topeka today.

TO SUCCEED CAPPS

Washington, Nov. 24.—Rear-Admiral Frederick R. Harris, chief of the navy's bureau of yards and docks was named today to succeed Rear-Admiral Capps as general manager of the shipping board's emergency fleet corporation.

WEDNESDAY WILL BE PASSAVANT DONATION DAY

Wednesday of this week will be donation day at Passavant hospital. Anything useful in a family thankfully received.

HARD FIGHTING CONTINUES IN CAMBRAI BATTLE

Germans Desperately Resisting British Advance—Byng Seeks to Drive in Behind Hindenburg Line

FONTAINE IS IN FLAMES

Hard fighting continued in the battle of Cambrai Saturday with the British pushing determinedly northward on the Fontaine-Queant line west of Cambrai.

Unofficial reports late in the day indicated the probability that General Byng's troops had wrested possession of the hotly disputed Bourlon wood from the Germans and had re-captured the town of Moeuvres. The village of Fontaine, less than three miles from Cambrai was reported in flames suggesting the probability of an impending German retreat from that place.

The Germans are resisting desperately, which the Germans are being pressed most energetically on this east-west front.

General Byng's evident intention is to drive in behind the main Hindenburg line, breached in Tuesday's surprise attack and the Queant-Drocourt switch line while still pushing his encircling movement of Cambrai to the north and east. Friday's British attacks were chiefly delivered on this same front. Gains were scored, but Bourlon wood and Moeuvres still remained in German hands. Byng's troops had even captured Bourlon village to the north of the woods. Berlin official statement indicated but were driven back by a strong German counter thrust. The British have pushed considerably to the northwest of Moeuvres however, and are hammering at Inchy, which the Germans are battling determinedly to retain.

The Italians have now completed a successful two-weeks defense of their Piave line and the northern front protecting its flank. Altho they have had to yield ground during this time on the front between the upper Piave and the Asiago plateau their defensive line remains unbroken.

The Italian fourth army under General Robilant, was on the aggressive between the Piave and the Brenta on Friday while the first army beat off heavy attacks between the Asiago plateau and the Brenta and the third army foiled further efforts of the Austro-German forces to bridge the Piave with pontoons.

In Palestine the British are closing in on Jerusalem, their official statements claiming added interest because of their increasingly frequent mention of biblical names. The site of the ancient Mizpah, some eight miles west of Jerusalem, was carried by storm. Northwest of the city, the British were still closer, but their mounted troops near Beit Unia in this sector was forced back a short distance by a strong Turkish counter-attack.

American destroyers in the war zone were successful recently in sinking a German submarine, seemingly beyond all question according to unofficial and official accounts. The U-boat fell victim to a depth bomb rising to the surface after the shock and sinking just after a destroyer had attached a line in an attempt to tow her.

ACCEPTS POST OF AIR MINISTER

London, Nov. 24.—Baron Rothemann, chief proprietor of the Daily Record and Mail of Glasgow and the Leeds Mercury has accepted the post of air minister in the British cabinet according to the Pall Mall Gazette.

BANK CONDITION BETTER

New York, Nov. 24.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$113,383,690 reserve in excess of legal requirements. This is an increase of \$4,123,580 from last week.

FOUND GUILTY OF MURDER.

Decatur, Ill., Nov. 24.—William Crist was today found guilty by a jury in the Macon county circuit court of murdering his wife, Anna Crist, and was sentenced to the penitentiary for life. Crist who had been separated from his wife shot and killed her when he met her on a street corner recently. As she lay dead he knelt and kissed her lips and then gave himself up.

STRIKE APPROACHING CRISIS.

London, Nov. 24.—The general strike in Finland was approaching a crisis Wednesday, according to a Reuter despatch filed at Helsinki on that date. A number of excesses are reported, especially in South Finland where about twenty five men of the proletariat class have been murdered. The situation, the despatch adds, is growing critical for the proletariat classes. The Socialists are armed with military rifles and further excesses are feared.

FRENCH STEAMER SUNK; MANY LOSE LIVES

PARIS, Nov. 24.—News was received today confirming reports that the freight steamer Maine had been sunk on Wednesday eight miles from Dieppe. All of the twenty-five officers and men on board were lost with the exception of one sailor. The entire crew comprised seamen from Dieppe.

THE PRICE BOX BROUGHT \$500.

Chicago, Nov. 24.—The auction sale of boxes for the football game here December 1, between army teams from Camp Grant and Camp Custer held yesterday at the board of trade, amounted to \$5,425. The prize box brought \$500.

USING TEST WELLS TO INCREASE SUPPLY

With Air Compressor Water In Forced Into Cistern at North Side Station—Commissioner Vasconcellos Hopes In This Way to Pass Thru Period of Acute Shortage.

Commissioner Joshua Vasconcellos and the other city officials are scanning the weather indications each day with anxiety on account of the status of the city water supply. Just now there is nothing in government forecasts of an encouraging nature and the prospect is very poor of increasing the water supply thru extensive rainfall. To meet this condition Mr. Vasconcellos is bending his efforts to increase the supply from the north side station. The two test wells which were put down on the Freitag land under direction of the Illinois water survey have been connected up with the other wells in a temporary way and are increasing the supply to some extent.

Force Water With Air

In order to make use of the water from this source Mr. Vasconcellos had an air compressor which was at the city hall plant and not in use moved out to the station and connected with these two wells. By means of the compressed air the water is forced from these wells to pipe lines connecting with the main cistern. When the air was first applied it pushed out the water so rapidly that the supply in the two wells was quickly exhausted. So it was found necessary to reduce the size of the pipes to three inches in order to make it possible for the compressed air to force out a stream continuously.

Just how much the supply has been increased by this means cannot be measured, but the amount is appreciable and will help out in the present scarcity. As pointed out before, it is not possible to augment the general supply this year from the Ashley pond source which was used last year in the emergency, and when the supply from Morgan lake is completely exhausted all that the city uses must come from the north side wells.

Hate to Supply All

So far, no consumer has been cut off and nothing has been said to the public except in a general way about the water situation. The city authorities hope that some relief will come before many days and it will not be necessary to curtail consumption as it was last year. To cut off consumers or to insist on less consumption is bad from a financial standpoint and also means financial loss for the city. While, as stated, the exact increase from the temporary pumping arrangement cannot be accurately estimated, it is hoped that this supply will tide over the department until rain falls in sufficient quantities to again make a supply available from Morgan lake and the creek.

AUSTRIANS RENEW ATTACKS ON ITALIANS

ROME, Nov. 24.—The Austrians have renewed their attacks on the Italian lines in southern Albania, but met with a repulse at the defenders' hands, the war office announced today. Some fighting in the Monastir district resulted in unchanged conditions at the conclusion of the operations. The official statement reads:

"In Albania on Thursday night the enemy attacked our lines between the Vovusa and Osun rivers. He was repulsed. A few local enemy advantages gained between Monastir and Prezlesse were nullified by our counter-attacks."

GERMAN STRIKE AGITATORS ARRESTED

AURORA, Ill., Nov. 24.—William Schaefer, 42 years old, a German who has been the spokesman for a union which has been seeking a raise in pay for machinists and helpers employed at the American Wood Working Machinery Company, was arrested today on a charge of violating an oath required of enemy aliens that they will not interfere with government work.

The wood working machinery company manufactures lathes which are used in the turning out of cannon.

He is being held in the jail here for questioning by a representative from the office of Inspector Claiborn, chief of the United States department of investigation in Chicago.

30,000 MEN ARE IDLE

Youngstown, Ohio, Nov. 24.—Over 30,000 men employed in seven of the country's largest steel plants here are filling government orders are idle today through the coal shortage forcing but fifty per cent capacity operation of the mills. State Fuel Administrator Johnson has promised prompt relief.

"We expect every tank to do its
duty," said Gen. Byng. They did.

The work of training camps should
convince the most skeptical of the
value of universal military training.

The Journal is in receipt of sug-
gestions from the council of defense
to advise all women to engage in
knitting. The suggestion is not need-
ed here. They are all knitting in-
dustriously, many even on Sundays.

As proof that the sweaters are
needed, even where the government
furnishes all "necessary" clothing,
read Ralph Douglas' letter in the
Journal of Saturday.

One is mighty glad to hear the
State fuel administrator say that
the homes of this State must be
given first consideration when it
comes to fuel. Let us now have
the doctrine put into actual prac-
tice.

It must be that a good part of the
German army is pretty badly shot
up, judging by the kind of fighting
it is doing these days on the western
front. This does not appear to be
up to the standard set by that "great
fighting machine" two years ago.

There should be no question re-
garding the attitude of the American
Federation of Labor. By a vote of
50 to 1 it declared itself as standing
behind the administration in the
prosecution of the war to a triumph-
ant victory.

CREATING THE PUBLIC.

The Commissioner of Internal
Revenue is sending out warning that
some dealers are taking advantage
of the taxes to cheat the public. A
phonograph company advertises that
"there is a 5 per cent war tax" on
phonographs, whereas, there is only
a 3 per cent tax. Some theaters
charge five cents war tax, when the
charge should be only one or two
cents. There are many other in-
stances of a like nature, the Commis-
sioner declares.

He is requesting all collectors of
internal revenue to report such per-
sons to him, and call the attention of
the public to them.

The people do not object to pay-
ing war taxes, but they will object
strenuously to being victimized in
the name of the war.

FIRST STREET CARS.

Eighty-five years ago Monday
the first street railway car was exhib-
ited and tried at the opening of the
New York and Harlem road, on
which occasion it was used by the
mayor and city council. To John
Stephenson is due the credit of hav-
ing designed and constructed this
first street railway car. The car was
of an omnibus pattern, built in
three compartments, entered from
the side and each holding ten per-
sons, and with three seats on the
roof for 30 more passengers. It was
drawn by horses.

CAVALRY COMING TO ITS OWN.

It is said that a large part of the
victory at Cambrai was due to the
English cavalry, one of the branches
of the army which has been consid-
ered obsolete, pushed aside by the
entrance of trench warfare. But
General Byng's army before Cam-
brai proved that the horseman is
not obsolete in warfare; that he has
a place in the modern army as prom-
inent as in the days of old. The
cavalry could not have been of great
advantage had the usual form of at-
tack been followed out. If the ar-
tillery barrage had been laid down
in preparation for the drive, the
cavalry could not have gone forward
with the speed which overrode the
enemy before they realized what was
about. The speed of cavalry, dash-
ing out with a suddenness that took
the enemy by surprise, overrode the
German trenches and made the great
drive, led by the giant tanks of Gen-
eral Haig's army, the success that
it was.

General Haig refused to drop his

cavalry in the firm belief that the
time would come when it would be
extremely valuable.

IN THE HANDS OF THE JEWS.

An extraordinary suggestion to-
ward peace is put forward by the
Chemnitz Volksstimme, the social-
democratic organ of Saxony.
"There remains a means toward
facilitating the approach of peace.
This consists in the good will and
active co-operation of those who
may be termed members of the in-
ternational nation—the Jews."

"The Jewish nation may be used
for what it is intended to be—a
potent bond of union between the
nations of the earth. In Germany,
in Austria, in Russia, in London and
New York there live great Jewish
populations who are daily becoming
conscious of their own distinct in-
ternationality, but who, nevertheless,
are very strongly united to the life and
culture of the people among whom
they reside."

"Let us exert ourselves in every
possible way to utilize the powerful
Jewish influence to hasten the com-
ing of peace. The entire political
have once again shown they have
grasped the full importance of this
circumstance. The central powers,
however, have failed singularly in
this respect. They must act at once.
Nothing they can do in this direction
can be too much."

BEAUTIFULLY MIXED.

The United States is at war with
Germany only, but it is allied with
nations that are at war with Ger-
many, Austria-Hungary, Turkey and
Bulgaria. Germany is at war with
the United States, but Germany's al-
lies are not. The United States is
doing everything it can to help
Great Britain, France, and their al-
lies to defeat Germany and her allies.
The United States is doing all it can,
likewise, to help Italy defeat Aus-
tria, with which nation we are not
at war. Italy has not declared war
against Germany; therefore, Italy
and Germany are friendly powers,
but Germany is working with might
and main to assist Austria in her in-
vasion of Italy. The United States
is on the most amiable terms with
Turkey and Bulgaria, but it is con-
tributing men, munitions, and money
to aid in the war which Italy is
waging against them. Turkey and
Bulgaria, like Austria-Hungary, have
nothing in particular against the
United States, except that they
would like to see it defeated and
humiliated, with Great Britain and
France, or disrupted and rendered
impotent, as they hope to see Russia.

NARROW PARTISANSHIP.

Both by precept and example the
Globe Democrat has stood for the
elimination of all partisan consid-
erations in our attitude toward the
greatest crisis in the history of the
human race. There have been many
times when criticism was possible.
There have been some occasions
when there was even strong provo-
cation. But one of the most neces-
sary conditions to winning the war
is the unity of purpose and action
of the American people. Anyone who
would try to "play politics" in such
a crisis would be lacking in funda-
mental patriotism. We do not mean
that there should be silent acquies-
cence in everything that is proposed.
There are many subjects that should
be freely and boldly discussed, but
the discussion should be solely to
further the solution of problems.
The end should always be the good
of the country and never the ad-
vantage of any individual leader or
any political organization. Contumel-
y should be heaped on the head of
any person who tries to make pol-
itical capital for himself or his party
out of his position on war questions.
We rejoice that the position is that
of reputable Republican papers gen-
erally and that of leading Republicans
in and out of Congress.

Consequently a natural feeling of
resentment is provoked by assertions
contained in a statement issued by
the Democratic National Committee.
It boasts a gain of two Democratic
congressmen, including one who was
elected as nonpartisan and who was
forced to make a public statement
after his election, denying that he
was opposed to prosecution of the
war. It argues that 100,000 of the
142,178 votes Hillquit got in New
York came from Republicans, an as-
sumption that is entirely gratuitous.
It is more reasonable to assume that
Republicans who feared the race
lay between Hillquit and Italian
chase Hyman as the lesser evil. The
committee neglected to comment on
the Massachusetts contest, where the
defeat of Gov. McCall was demanded
by Democrats on national grounds,
albeit no governor in the Union had
been more actively loyal. This is
the narrowest and most unpatriotic
politics imaginable and the insult
should cause the president to remind
the committee how petty its conduct
is.

CONSERVING FOOD.

With eloquence unloosed, I stir
men's admiration, by telling how I
boost the plan of conservation. "I
am a helpful dub," I say, in tones
that quiver; "I've cut out all such
grub as onions and fried liver." I
proudly make the boast that I'm no
war time glutton; and then I buy a
roast of pork or beef or mutton. I
chase along the street until my feet
have bunions, denouncing those who
eat beef liver fried with onions. It
is a mess I hate, hate worse at every
trial; so cheerfully I prate about my
self denial. It fills me with disgust,
with ire too great to utter, to see
you take a crust and spread it thick
with butter. I'm helping Uncle Sam
by cutting out the greases; with mar-
malade and jam I spread my loaves
in pieces. Grease always gives me
boils, and my complexion spoils, so
I must dope with simples. So butter
I refuse, with stern ejaculations, and
then I spread the news how I boost
conservation. The grub that I detest
with scorn I'm daily treating, and
fill up with the rest, the things I'm
fond of eating. Then round the
town I slosh, and tell how I'm con-
serving by dodging tripe and squash
and other things unnerveing.

FOR OUR SOLDIER BOYS

When sending candy to your
soldier boy be sure you send a
well known brand, as it would
embarrass him to open up some
of the punk candy that is of-
fered with no name on the box.
We have a carefully selected
line consisting of Allegretti's,
Whitman's Fats, Morse's Dol-
ly Varden's and the celebrated
Apollo butter chocolates. These
have all stood the test of time
and are worthy enough to give
an American soldier. We will
pack and ship boxes any time.

DEATHS

Conlon

Mrs. Stephen Conlon of whose
death brief mention was made in
Saturday morning's Journal, died at
her home four miles northwest of
Murrayville Friday night at 11
o'clock, aged 73 years.

Deceased was the daughter of
Maurice and Bridget Lonergan and
was born in Morristown, N. J., and
came to Morgan county with her pa-
rents when eight years of age and
has resided here since that time.

She was united in marriage to
Stephen Conlon of this city on De-
cember 2, 1865. To this union nine
children were born four of whom
together with the husband preceded
her in death. The following children
survive, Mary, Margaret, Nicholas,
John and Thomas, all residing at
home.

Funeral services will be held from
St. Bartholomew church in Murray-
ville Monday morning.

Mathews

Charles Wallace Mathews, a prom-
inent farmer of the county, died at
his home eight miles northeast of
Jacksonville Saturday afternoon at
2:35 o'clock. Mr. Mathews had been
ill for a number of years, being af-
flicted with locomotor ataxia.

Deceased was the son of John H.
and Louisa Welborn Mathews and
was born northeast of the city July
4, 1862. He was united in marriage
to Miss Etta L. Curtis September 30,
1885. His widow and the following
children survive, Nellie L. and
George E. Mathews, both residing in
this county. He also leaves the fol-
lowing brothers and sisters, Mrs.
Anna C. Morton, Chicago; Mrs. Lou-
N. Patterson, Houston, Texas; John
C. Mathews, Ten Sleep, Wyoming;

Mrs. Effie J. Strawn, Pawnee; Mrs.
Mae O. Berg, Springfield, Mass. One
brother and one sister preceded him
in death.

Mr. Mathews was a member of
one of the best known families of
the county. He took an active inter-
est in local affairs and was always
ready to assist in any movement for
the betterment of the community in
which he lived. He was a man of
strict integrity and commanded the
respect of all who knew him.

Funeral services will be held
from Antioch church Monday morn-
ing at 11 o'clock. Burial will be in
Antioch cemetery.

Social Events

Entertained at Dinner.

Mr. and Mrs. Frank Ranson, resid-
ing southwest of the city, entertained
at 6 o'clock dinner Saturday evening
in honor of Mr. and Mrs. C. W. Pot-
ter and Mr. and Mrs. Fred Scholfield.

Entertains Larkin Club.

Mrs. McYoung entertained the
Larkin Club of South Jacksonville at
her home on South Main street Fri-
day evening. There are fourteen
members in this club, all of them
being present at this meeting except
two. The business session was car-
ried out and a social hour followed
during which the hostess, assisted
by Misses Alberta Whitlock and Lu-
cinda Young served dainty refresh-
ments. The next meeting will be
held at the home of Mrs. John Death-
erage.

Box Social Held at
Independence School.

A box social and entertainment
was held at the Independence school
northeast of the city Thursday eve-
ning and thirty-four dollars were
made, half of which has been donat-
ed to the Y. M. C. A. War Fund. A
very good entertainment was given
and a large number were present
and a large number bringing boxes. Miss
Alberta Quigg is the teacher.

Given Surprise Party.

Thursday evening about twenty-
four friends of Leslie Ragan gave
him a surprise party. It so happens
that his birthday comes on Thank-
sgiving day, but the young people in
order to make the surprise more
complete came a week ahead and
surprised him completely, remember-
ing him with a number of handsome
presents. Games and music were in-
dulged in until a late hour when re-
freshments were served and all de-
parted for their homes wishing him
many happy returns of the day.

Entertained Sunday School.

A few evenings since Mr. and Mrs.
Daniel Ward, north of Strawn's
Crossing, pleasantly entertained the
members of the Oak Ridge Sunday
school in honor of Grover C. Lewis
and Edward McCarthy who are
soon to enter the service of the
country. About seventy persons were
present and the evening was de-
lightfully spent in music and games.
Nice refreshments were served dur-
ing the evening and a handsome
testament was presented each young
man, with the earnest request that
he make good use of its contents.

Mrs. John Buckley Hostess

To Domestic Science Round Table.
Mrs. John Buckley was hostess to
the Domestic Science Round Table
at her home, 301 East College ave-
nue Saturday afternoon. A program of
unusual interest had been prepared
and was carried out. Miss Marceline
Armstrong gave a reading, "Selfish
Grant" by Oscar Wilde which was
greatly enjoyed. Miss Martha Crale
gave a talk on "Home Nursing and
Problems Brought About by War."
Miss Chale gave some valuable in-
formation to her hearers and told
them that conditions after the war
would necessitate a great deal of
home nursing. "Menus of Church
Going People Without Maids" was
the subject of an interesting discus-
sion.

Mrs. John Knapp gave a report of
the activities of the sewing members
of the club. She reported eight sew-
ings since the last meeting held at
the homes of Mrs. T. C. MacVicar,
Mrs. Ben Linton, Mrs. Hattie Lov-
ing, Mrs. E. H. Gray and Mrs.
Louis Kelly. Three sewings were
held at the home of Mrs. Knapp.
Ninety garments have been complet-
ed and turned over to Miss Hopper
of the Free Kindergarten and others
will be turned in Monday. The list
included dresses, underwear, petti-
coats, coats and other useful
articles.

Mrs. Herbert Capps gave a five
minute talk on the benefit of a
successful Red Cross Seal sale to
the community when he returns home
from service, perhaps afflicted with
tuberculosis. At the conclusion of
the program a social hour was en-
joyed and the hostess served re-
freshments. The next meeting will
be held with Mrs. Miller Weir on
December 29.

Mrs. Buckley was assisted in en-
tertaining by Mesdames Fred Dege,
Lloyd Hamilton, E. E. Lushbaugh,
John Merrigan, Charles Rose, M.
D. Shanahan, J. P. Claus, George
Hew, Anthony Becker, John Ham-
len, Eugene Ball, Carl York, Bert
Kilham, E. L. Hill, Harry Benson,
Fred Kuntze, Miss Elizabeth Berg-
schneider, Mary Knollenberg and
Grace Harris.

SEEK TO STOP REMOVAL
OF PIPE LINE.

An injunction suit was filed in
circuit court late Saturday afternoon
by the commissioners of road district
No. 6 against Edward Harris and
The Chicago House Wrecking Co. The
purpose of this injunction is to
stop the company from removing
pipe line of the Jacksonville Water Co.
where it traverses public high-
way. Work of this kind has been
in progress for several days at a
point not far west of the Jacksonville
city limits. Some months ago an
injunction was issued to prevent the
company from removing pipe line in
the vicinity of Bluffs. The petition
here was filed by State's Attorney
Carl E. Robinson. It is maintained
that the removal of the pipe line re-
sults in very bad road conditions.

THE MEDICAL CLUB.

The Jacksonville Medical club met
last night at the office of Dr. A. M.
King on West State street. Dr. A.
L. Adams told of his recent visit to
the tuberculosis sanitarium conduct-
ed by Dr. Trudeau at Saranac Lake,
N. Y. The presentation resulted in
an interesting discussion.

PRE - WAR PRICES

We ordered early in anticipation of holiday trade and because we were warned of the increase in prices, which has now become effective, and the greater difficulty in getting freight deliveries as the war needs increase.

We now have a large assortment on hand, with others coming, and can offer you a choice from 12 different makes, each being a representative of the Best in Quality in proportion to its cost. In order to move these instruments quickly we have decided to offer them at PRE-WAR PRICES so long as they last, and this means considerably less than we can now furnish any of them in duplicate. PRICES HAVE ADVANCED from \$50.00 to \$75.00 each. Save this amount by making your selection at once. Delay will surely spoil your opportunity.

Miss Florence Shinn of Chicago came down to the city a few days ago for a visit with Jacksonville friends and yesterday went to Springfield to attend a grand lodge meeting.

FOR OUR SOLDIER BOYS

When sending candy to your soldier boy be sure you send a well known brand, as it would embarrass him to open up some of the punk candy that is offered with no name on the box.

We have a carefully selected line consisting of Allegretti's, Whittman's Foss, Morse's Dolly Varden's and the celebrated Apollo butter chocolates. These have all stood the test of time and are worthy enough to give an American soldier. We will pack and ship boxes any time.

PROMINENT VIRGINIA

COUPLE MARRIED

Virginia, Nov. 24.—A very pretty home wedding took place Saturday afternoon at 5 o'clock which united the lives of Sergeant M. F. Dorothy of Camp Dodge, Iowa, and Miss Zelle Pauline Fisher, daughter of Mr. and Mrs. M. L. Fisher.

The ceremony was said at the home of the bride's parents by the Rev. Charles French, pastor of Christian church, the ring service being used. Mrs. Albert During played the bridal chorus from Lohengrin. During the ceremony George Fisher sang "Because."

The couple were attended by Miss Josephine Parker and George B. Fisher, a brother of the bride. Little Bernita Fisher, a sister of the bride acted as flower girl. Following the ceremony the guests extended hearty congratulations after which all sat down to an elaborate four course turkey dinner.

The bride is the eldest daughter of Mr. and Mrs. M. L. Fisher and is one of Virginia's most popular young women. She has been prominently identified with the social, club and church work of the community.

The groom formerly resided in Aledo. He was formerly manager of the Virginia Dry Goods company and was regarded as one of the best business men in the Cass county capital. Mr. Dorothy was drafted into the National army and went to Camp Dodge with the second increment. He now holds the rank of sergeant. They expect to return to Iowa in a few days and Mrs. Dorothy will reside in Des Moines while her husband is at Camp Dodge.

LESTER REED BREEDER OF THOROBBRED HOGS

Young Farmer Makes Success of Raising Fine Duroc Jerseys—Sells Many Registered Animals Throughout the Country.

A few years ago an enterprising young farmer, Lester Reed, residing five miles southeast of Jacksonville, had sold his hogs and had come out fairly well. But in reading his agricultural paper he observed what had been done with thoro-bred hogs and then he began studying over the question. A thoro-bred cat is no more than a scrub, why waste time with inferior animals? Satisfying the action to the word he first investigated breeds and concluded, all things considered, that the Duroc Jersey hogs were the best for all purposes, not that he had anything against the other favorite breeds, but he thought the Reds were more industrious, a little better rustlers, a little better feeders and on the whole the best for all round purposes.

He first invested in two boars; then results were so satisfactory that he went further and bought a number of gilts and then came out so well that his neighbors began to take notice and wondered why they couldn't do the same. Lester was accommodating and wanted to help his neighbors and at the same time wanted to improve his own herd, and so he kept on until he is the proud owner of 200 Duroc Jersey Reds eligible to registry or registered.

Has Four Separate Herds
A visit to the farm recently was a great pleasure to the writer. He believes first in taking care of his stock. He has long sheds with concrete floors and separate pens in them for families, and also a number of movable sheds which he finds useful at the same time. He has four separate herds and he roams over a number of states buying young stock so that he is always sure of no inbreeding, and at the same time producing the best work and he took the writer into a pen where there was a big 700 pounder who looked fierce enough to tear a man to pieces, but who let Mr. Reed's little 5 year-old boy pet him with a stick and made no fuss about it at all. Nearby was another

of the same species, also tipping the scales right at 700 lbs., and he was a beauty in the eyes of a hog fancier, gentle as a kitten and rather unwilling to be disturbed in his forenoon siesta, but otherwise entirely willing to be interviewed. His sire was an undefeated grand champion and his dam sold for \$1,100 at open auction. Another remarkable fact about this hog was that he was one of a family of twelve and the cheapest one brought \$390.

In another part Mr. Reed has two younger gentlemen, one of which cost above \$300 but was bought after a great deal of search in the northern part of the state. The other is from a dam who was a grand champion.

Mr. Reed takes great care in the attention of his stock and uses the most approved methods in every way. He picks out the culls to fatten and gives them slop and tankage and oats, and gradually corn, and is also a great believer in clover pasture for all kinds of hogs. He recently sold 44 of these and they brought him the neat sum of \$50 apiece at ages varying from 8 to 12 months, so that he thinks they paid well.

A Different Feeding Method.
The manner of feeding breeding stock is different. The object nowadays to be attained in the breeding of hogs is a large, but well built frame, not too large a bone, short nose and frame which will put on fat, and for that purpose a different method of feeding is used from that intended for animals for the market.

Mr. Reed sells his stock at all ages, of course the younger the cheaper. But what ever he sells he is very careful to know all about. He keeps a correct record of the age of each pig and their thoro pedigree, so that he knows what he is doing when offering one for sale. The visit to his place was especially interesting. Here was a drove of red beauties rolling around in their beds and enjoying themselves as much as could be. They grunted a little at being disturbed but got up and showed off in proper manner. He has 90 young brood sows bred and these he also attends very carefully. In cold weather Mr. Reed of course keeps his hogs up and does not believe in letting them be exposed to rain and snow, but otherwise gives them plenty of room and it requires a great deal of room for he must keep the herds separate.

Also Raises Some Cattle
Mr. Reed has also recently launch-

ed out in cattle and in this field he believes that the same principle applies, a thoro-bred cat is no more than a scrub. He also believes in the good old reliable Shorthorn and took the visitor in a pasture where he has a little trinket at the head of his herd weighing 2,300 lbs. To look at him one would think he would be fierce enough to toss a visitor over the fence, but Mr. Reed walked up to him and patted him about the horns and the huge animal was gentle as a kitten. Mr. Reed says that he believes it will pay to raise calves even on his \$250 land and he is going it. He showed with considerable pride twins, spring calves, both males and thoro-bred registered, which he prizes very highly. He has a number of cows, some thoro-bred and some grades, and with his Shorthorn bull he is prepared to produce fine stock and he is well satisfied it will pay well. But haise calves he says it won't do to get scrubs or inferior stuff, but to get the thoro-bred which are now so available.

When a Roman woman was displaying her jewels to Cornelia the latter brought in two beautiful young boys and with true maternal pride said "These are my jewels," and jewels they were, for they became in their manhood eminent in the councils of the great country. As Mr. Reed was expatiating with just pride over his fine hogs and answering the questions of the reporter, he showed great interest in what he had, and justly so. But when he was thru talking Mrs. Reed suggested that there were some other things on the farm beside the hogs and referred with maternal pride to four boys and certainly she has good reason to be proud of them. They are first class little fellows, and in the future one can look for not only some fine thoro-bred cattle and hogs from the Reed farm, but also some first class boys and later fine young men if their lives are spared, which it is hoped will be the case.

Robert Boyd sings, too, at Elks Jollies—Monday and Tuesday nights.

MATRIMONIAL

Sinclair-Goff

At five o'clock Saturday afternoon quiet and beautiful wedding ceremony was performed in the parlors of the Dunlap House, Rev. A. A. Todd, D. D., pastor of First Baptist church officiating. The twain made one were Carl W. Sinclair and Miss Kitten Goff, both of the vicinity of Ashland. As the bride entered the parlor the bride's sister-in-law, Mrs. William Goff rendered the well known notes of Mendelssohn's wedding march and continued softly during the ceremony. The bride and groom to be preceded by little Marjorie Goff and Marietta Hall who strewed chrysanthemums in the way. The ring service was used and the entire ceremony was simple, beautiful and impressive and at the close all sat down to a wedding supper served in the private dining room of the hotel. The bride was handsomely attired in a brown traveling dress.

Both the bride and groom are members of the families of prominent and successful farmers in the vicinity of Ashland and are among the best known families of Cass county. Today the wedding party will be entertained near Orleans by Mrs. F. E. Drury, sister of the groom's mother and will later proceed to their respective homes, the newly married pair taking possession of a fine farm in the vicinity of Ashland.

Those present were: Mrs. W. J. Sinclair, mother of the groom, William Goff, brother of the bride and wife of Farmington; Mrs. Hall, sister of the bride and her husband; Dr. F. Tomlin, of Mason City, brother of Mrs. Sinclair; Miss Frances Tomlin, cousin of the groom and a student at Illinois College; Mrs. George Lenington of this city and Mrs. F. E. Drury and son of the vicinity of Orleans.

SOMALI BATTALION BRAVE IN BATTLE

Negro Soldiers Win Many Citations for Bravery in Fierce Conflicts—Learn to Use Modern Weapons Quickly.

French Front.—(Correspondence)—Two hundred and sixty-four personal citations for bravery have been won by the negro soldiers of a single Somali battalion since it landed in France in June, 1916. Of these citations 130 were gained in the fierce battles in the vicinity of the neighborhood of Verdun.

The Somalis, many of whom were recruited in British Somali land, are very independent in character and find the discipline of an organized army very severe. Their French officers, however, are accustomed to deal with these freedom-loving tribesmen and by appealing to their pride of race and their self-respect obtain their devoted obedience to such an extent that they rapidly become excellent soldiers. These men learn to handle modern infantry weapons quickly and furnish many specialists in the grenade-throwing, rifle and machine-gun sections of French regiments, for the men are of very high intelligence and are full of natural initiative—very valuable adjuncts in these branches of fighting—while at hand-grenade throwing they are second to none in the army.

Meticulously clean of habit, the Somalis, who are strict Mohammedans, never touch wine or alcohol. In fact, they look on any man given to intoxication with the greatest disdain. They are self-sacrificing to a degree, as was evidenced during their attack on La Bovelles, when they had to clear out the shelters in a trench which they had just captured, and which were still full of German soldiers who had taken refuge there from the bombardment. One of their European sergeants was about to enter a dug-out known to be full of armed enemies when he was pushed aside by a Somali private with the exclamation "Let me go first. You are a married man."

A widely prevalent fallacy has charged the negroes with savagery against their captives. Their officers say this charge has been disproved time and again after fights at Verdun, in Champagne and North of the Aisne. The Associated Press correspondent saw negro troopers bringing big batches of prisoners after a battle at La Bovelles, when a French artilleryman approached them to take one of the prisoner's shoulder-straps as a souvenir. One of the negro escort, however, became indignant and shouted:

"Over there in the trenches you might have taken one, but now that the Germans are prisoners they must be treated like women and protected." And the artilleryman had to go away without his souvenir.

OF INTEREST TO WOMEN

More than one hundred women are attending the school of law of New York University.

The National American Women Suffrage Association is preparing for its forty-ninth annual convention, to be held in Washington in December.

Because of the protest of 100 Brooklyn women, the College of the City of New York has decided to admit women as students eligible for degrees.

Mrs. Margaret Deland, the authoress, is going to France to engage in the canteen service.

Girl pin-setters in bowling alleys is the most recent vocation of the women of Springfield, Mass.

The recent election in Stockholm resulted in the choice of two women to become members of the town council.

Mrs. Ballantyne Patterson, of Manassas, Va., has four sons who are officers in the United States army, while a fifth is a student aviator at Princeton.

Plans are under discussion for an appropriate observation next year of the centennial anniversary of the birth of Mrs. E. D. N. Southworth, the popular novelist.

In an opinion rendered by the attorney-general of South Carolina, the governor has the right to award scholarships to women as well as men to the State Medical College.

Prior to 1780 women were barred from all positions under the United States Government.

Mrs. Frank O. Lowden, wife of the governor of Illinois, has won a prize as a maker of war bread.

Women are to be admitted as associates and fellows of the Royal Institution of British Architects.

A considerable number of Musselman women are now employed in the Government offices in Constantinople.

The Colorado Equal Suffrage Association is working to place women in half the seats in the next legislature.

Many States report a remarkable increase in the number of women pharmacists since the beginning of the war.

One hundred students of the Pennsylvania College for women have organized a Red Cross auxiliary at the college.

Girls to man the roller chairs on Atlantic City's famous Boardwalk are considered a probability in the near future.

Young women students of the University of Pittsburgh are required to devote several hours each week to military drill.

STORE MANY CARDS

Chicago, Nov. 24.—More than one million one-cent postcards are held in the storehouses of the Chicago postoffice and everyone lacks a one-cent stamp under the new postage rate which went into effect recently. Large business houses demand the new two-cent cards to save the cost in time of adding the extra stamp. Orders were issued today that new cards are to be sold only in lots of 500 or more, in the hope that the old supply may be depleted thru small sales.

BREAD AND MILK

English people drink more milk than water.
An ordinary loaf of white bread is nearly half water.
Ayrshires, Jerseys and Guernseys are considered the best milk cows.
The French war loaf is made up with maize, barley or tapioca.
An average of one gallon of milk is required to produce one pound of cheese.

Goats' milk is richer in fat than cows' milk, but contains less sugar. In numerous districts of France the peasants make their bread from acorns.

The sun-dried bread of Central Asia is made from flour and raisin-syrup.
Scandinavian bread is disc-shaped with a hole at the center for packing on poles.

The average yield of a milk cow is about six hundred gallons yearly. To make a pound of butter two and a half gallons of milk are required.

The bread of the Balkans is made in the form of chains and sold according to length.
White bread was first introduced in London about the beginning of the 19th century.

Japanese bread is shaped somewhat like a stick of bamboo and is sold in strings.

The daily ration of bread in the British navy has been changed since the beginning of the war to ten ounces per man.

Milk is the only complete food containing all things that the body needs and in their proper proportions.

Humanized milk for infants is milk so treated that the casein is reduced to make it more like human milk.

Milk contains, in round figures, eighty-seven per cent of water, four of protein, four of fats, four and a half of sugar, and a fraction of mineral matter.

A food scientist states that one pint and a half of milk with a half a pound of pea flour would supply all the essential ingredients for a whole day's food.

Potato bread is much used in Ireland, while in Iceland, a favorite bread of the people is made from codfish, beaten into a powder.

During the siege of Paris by Henry IV., owing to famine, bread, which had been sold while any remained for a crown a pound, was made from the bones of the charnel-house of the Holy Innocents.

SALVATION ARMY ACTIVE IN WAR

Organization Has Spent More than Million in Relief Work—Other Activities Planned.

"There is no sacrifice to America's cause the Salvation Army is not prepared to make," today declared Capt. Nelson, in charge of the Salvation Army work in Jacksonville. "All that the Salvation Army has in men, women and property is at the disposal of our country. Our huts are springing up in France and adjacent to cantonments in the United States. Our ambulances manned by trained Salvationists are working in the nation's service and our third contingent of men and women is on its way to the American front in France."

The Salvation Army already has expended more than \$1,000,000 in its various war activities and now is planning to raise an additional million in the west to aid in extending its work abroad and at home. "Hotels and industrial homes operated through the United States by the Salvation Army," said the local officer, "have been proffered to the government for war hospital service. At the front the Salvation Army now has 173 huts for social and religious gatherings, each in charge of an officer and his wife, in addition to 300 rest rooms equipped with sleeping accommodations for 4,000 soldiers have been established convenient to railway stations and ports. One of these, by courtesy of the city authorities of London, is in Trafalgar Square."

"Forty-eight motor ambulances, manned by Salvationists, have already handled 50,000 wounded men. Twelve ambulances have been placed in the hands of the United States for shipment to France and 15 more will be ready when required by the American forces."

"Many of the largest buildings of the Salvation Army in Europe and Canada are now being used for hospitals, convalescent homes, and as hotels for women whose homes have been destroyed. All of Canada's orthopaedic cases are being housed in the William Booth Memorial Training College, a building proffered the government for that purpose. If there ever was a human repair shop, this hospital in North Toronto is one with about 300 patients being fitted with artificial limbs and patched up in various other ways."

"Thirty thousand Salvation Army members are fighting today with the British armies in addition to other thousands in the troops of other countries. Four have received the Victoria Cross, seven have received the distinguished service medal and one has been given the medal of the King of Serbia. Thirty-eight Salvationists have been appointed army chaplains, one holding the rank of major and the Victoria Cross for bravery in rescuing wounded soldiers."

"In the war field are 626 Salvation Army officers, devoting their entire time to religious and social work among the soldiers. They have distributed 41,000 packages of food and clothing among the soldiers."

GOOD PRICES PAID AT SALE OF COWS

Bovines from Randolph County Sold at Figures Ranging from \$57 to \$122—Most Were Jerseys.

Preston & Rankin held a sale of cows at Packard's barn Saturday afternoon which was well attended. The cows were brought here from Randolph county and constituted the best shipment of cows received for a long period. Jed Cox was the auctioneer and R. H. Stevenson clerk.

The cows sold at prices ranging from \$122 to \$57.50. A calf was sold for the benefit of the Red Cross and went to William Layman at a price of \$17. A check for this amount was turned into the office of the Red Cross shop by Mr. Stevenson Saturday afternoon. Some of the sales were as follows:

Talmage Cram, cow and calf, \$97.
William Lucas, cow, \$114.
Harry Stevenson, cow, \$113.
Arthur Smith, cow, \$98.
R. H. Culp, cow, \$100.50.

ILLINOIS DOWNED BY POWERFUL GOPHERS

Minnesota Team Used Nothing but Straight Football—Michigan Trimmed by Northwestern.

Urbana, Ill., Nov. 23.—Using nothing but straight football the University of Minnesota eleven established its position as runner-up in the western conference by defeating the University of Illinois here today 27 to 6. Illinois held Minnesota scoreless in the first period but in the second Minnesota scored when Carroll went over for a touchdown after the ball had been carried to the Illinois one-yard line. Hauser failed to kick goal.

Carroll went over for another touchdown in the third, Hauser kicking goal. In this period Charrier punted to Arntson who made a fair catch on his seventeen yard line. Ecklund punted and the ball hit an Illinois man and bounced back over the Gopher line where LaCimare fell on it for a touchdown. Illinois failed to kick goal.

In the fourth period Minnesota added two more touchdowns. Kingsley, Carroll and Arntson were the Gophers' greatest offensive players. Nichols and Rundquist played the strongest game for the Illinois. Michigan, 12; Northwestern, 21.

Evanston, Ill., Nov. 24.—Michigan played its first game in the Western Conference in twelve years today and the result was the biggest surprise of the season. The light, speedy, Northwestern team, outweighted by nearly ten pounds to the man, downed the Wolverines 21 to 12, in a game witnessed by 17,000 spectators. Northwestern outplayed the Wolverines in every department. Every one of Northwestern's three touchdowns were earned, while one of Michigan's was a fluke and the opportunity for the game was afforded by penalties.

Northwestern started the scoring a forward pass, Koehler to Arries, resulting in a touchdown early in the first period. Michigan's scores came in the third and fourth periods. Fromke drove the line for the first and he took the ball around end for a touchdown in the final session on a fake kick.

Chicago, 0; Wisconsin, 18.
Chicago, Nov. 22.—Before a crowd of 12,000 shivering spectators, Wisconsin triumphed over Chicago 18 to 0 today in the final game of the "Big Ten" season. Higgins, the big full back, was forced out of the game because of injuries.

Eber Simpson, quarterback, and Bondi and Jacob of the backfield, played a brilliant game for Wisconsin. Simpson booted two field goals from the thirty and four and hurled a dozen forward passes for big gains. Wisconsin's two touchdowns came in the second period.

Auburn, 0; Ohio, 0.
Montgomery, Ala., Nov. 24.—Auburn's football team surprised its supporters by playing the powerful Ohio State combination. Western Conference champions to a scoreless tie in a benefit game here today.

"Chick" Harley, the Ohio star missed two chances to achieve victory by means of field goals.

PRENTICE RESIDENT DIED SUDDENLY

C. H. Nall Found Dead in Bed—Was Native of Kentucky—Coroner Rose Held Inquest.

C. H. Nall, a well known farmer residing near Prentice was found dead in bed at his home Saturday morning about 6 o'clock by his daughter, Miss Mary Nall, when she went to call him.

Deceased had been suffering from heart trouble for the past year and tho not in good health was up and attended to his farm duties Friday and apparently was in his usual health when he retired Friday night. Thomas Fogle, who is employed as a farm hand by Mr. Nall called the deceased about 4:30 o'clock and again at 5:30 o'clock but got no answer. He then called the daughter and she got up and went into her father's room and found him dead.

Coroner Rose was notified and went to Prentice and held an inquest Saturday morning. The jury was composed of C. W. Swain, foreman, J. T. Swain, W. W. Thompson, Harrison Robinson, Samuel Farmer and W. W. Robertson, clerk.

The jury heard the testimony of Mrs. Ruth Buckman, Miss Mary Nall, T. L. Fogle and Dr. W. S. Taylor. Dr. Taylor had been Mr. Nall's physician for the past year. He testified that Mr. Nall was suffering from heart lesion. After hearing the testimony the jury returned a verdict that death resulted from chronic valvular lesion of the heart. C. H. Nall was born in Kentucky, January 18, 1859 and came to Illinois about 30 years ago. For many years he has resided in the Prentice neighborhood.

Mr. Nall was united in marriage in Kentucky 33 years ago to Miss Louisiana Vanyitito who preceded him in death in 1900. He was again married at Prentice to Mrs. Mary Dalsen in 1902. His widow and the following children survive: Mrs. Ruth Buckman and Mrs. Rena Buckman of Springfield, Mrs. Lizzie Mines of Prentice, Miss Mary Nall and Alfred Nall residing at home and Boone Nall, who is in military service at Camp Taylor, Ky.

Mr. Nall followed the occupation of farming and was accounted successful in that calling. He was a member of the Primitive Baptist church of Yatesville and was a man highly esteemed in the community in which he lived. Funeral services will be held from the residence Monday afternoon at 2 o'clock.

CLUB MEETING
The Cleosina Club met with Mrs. N. J. Blue Thursday. A very interesting meeting. Mrs. Bolden and Miss Lewis of Carrollton, Miss. were guests of the club. The social hour was spent in Thanksgiving thoughts and "Turkey Hunt," of which Mrs. L. Moore and Mrs. Bessie Duncan received prizes. Delicious refreshments were served. The table was decorated to keep in mind the Thanksgiving tide. The next meeting will be with Mrs. M. Bryant Dec. 13.

Some War Revenue Facts

A complete analysis of normal and special war taxes imposed by the federal government has been compiled by Ewell D. Moore and issued in pamphlet form. Copies of the pamphlet are being sent out by State Auditor Andrew Russell. Some figures from the work giving special information about the income tax are printed herewith.

(Third Installment)

LICENSE TO COLLECT FOREIGN PAYMENTS

All persons, corporations, associations or partnerships making collections of foreign payment of interest or dividends, in any form as a matter of business, must obtain a license from the Commissioner of Internal Revenue. Attempts to make collections without a license will incur a fine not exceeding \$5000, or imprisonment not exceeding one year, or both.

The tax on income not falling under the foregoing is assessed by personal return. The intent of this provision is that all incomes defined above shall be charged and assessed with the corresponding tax, and the tax paid by the owner or the representative having custody or control of the income. The liability will be determined as to the year for which a return is required. The provisions relating to deduction and payment of tax at the source of income (except paragraph 2 under the head "Withholding Tax"), applies only to the normal tax on non-resident alien individuals.

War Income Tax, Effective from Jan. 1, 1917

ON CORPORATIONS

A tax of 6% is imposed on the total net income received in the preceding calendar year from all sources within the United States, including company, association or insurance company, organized in United States. Partnerships are not included.

A like tax of 6% is imposed on the total net income received in preceding calendar year from all sources within the United States, including interest on bonds, notes or other interest-bearing obligations, by every foreign corporation, joint-stock company, association or insurance company. Included in this tax is income from dividends on capital stock or from net earnings of resident corporations, joint-stock companies, associations or insurance companies, whose net income is taxable under this provision.

"Dividends" as here used means any distribution made, or ordered to be made, out of earnings or profits accrued since March 1, 1913, and payable to shareholders, whether in cash or in stock, which stock shall be considered income to the amount of earnings or profits distributed. Any such distribution made in 1917 or subsequent years shall be deemed to have been made from the most recently accumulated undivided profits or surplus and shall constitute a part of the annual income of the distribution for the year in which received.

Amounts received as dividends are not subject to the 4% war income tax on corporations, but this exception does not apply to the old 2% corporation income tax provision.

UNDISTRIBUTED INCOME PAYS ADDITIONAL TAX

In addition to the income tax there shall be paid annually an additional tax of 10% on the amount remaining undistributed six months after the end of each calendar or fiscal year of the total net income of every corporation, joint-stock company, or association, or insurance company, received during such year, but not including the amount of any income taxes paid by it within the year imposed by the authority of the United States.

This additional tax of 10% does not apply to that portion of such undistributed net income which is actually invested and employed in the business or is retained for employment in the reasonable requirements of the business, or is invested in obligations of the United States issued after September 1, 1917. If the secretary of Treasury ascertains and finds that any portion of such amount so retained at any time for employment in the business is not so employed or is not reasonably required in the business a tax of 15% shall be imposed thereon.

Foregoing taxes shall apply to undistributed net income received by every taxable corporation, joint-stock company or association, or insurance company, in 1917, and each year thereafter, except if it has fixed its own fiscal year, the rates shall apply to the proportion of undistributed net income returned for the fiscal year and prior to December 31, 1917, which the period between January 1, 1917, and end of such fiscal year bears to the whole thereof.

CONDITIONAL AND OTHER EXEMPTIONS

Income received by following is not taxable:

1. Labor, agricultural or horticultural organizations.
2. Mutual savings banks not having a capital stock represented by shares.
3. Fraternal beneficiary societies, orders or associations, operating under the lodge system or for the exclusive benefit of the members of a fraternity, itself operating under the lodge system and providing for the payment of life, sick, accident or other benefits to the members.
4. Domestic building and loan associations and co-operative banks without capital stock organized and operated for mutual purposes and without profit.
5. Cemetery companies owned and operated exclusively for the benefit of their members.
6. Corporations or associations organized and operated exclusively for religious, charitable, scientific or educational purposes, no part of the net income of which inures to the benefit of any private stockholder or individual.
7. Business leagues, chambers of commerce or boards of trade, not organized for profit.
8. Civic leagues or organizations not organized for profit, but operated exclusively for the promotion of social welfare.
9. Clubs organized and operated for pleasure, recreation, and other non-profitable purposes.
10. Farmers' or other mutual hail, cyclone or fire insurance companies, mutual ditch or irrigation companies, mutual or co-operative telephone companies, or like organizations of a purely local character, income of which consists solely of assessments, dues and fees collected from members for sole purpose of meeting expenses.
11. Farmers', fruit growers' or like associations, organized and operated as a sales agent for the purpose of marketing the products of its members and turning back to them the proceeds, less necessary selling expenses.
12. Corporations or associations organized for the exclusive purpose of holding title to property, collecting income therefrom and turning over entire amount thereof, less expenses, to an organization which itself is exempt from the tax.
13. Federal Land banks and National Farm Loan associations.
14. Joint-stock land banks as to income derived from bonds or debentures of other joint stock land banks or any Federal land bank belonging to such joint-stock land bank.

There shall not be taxed under this title any income derived from any public utility or from the exercise of any essential governmental function according to any state, territory, or any political subdivision thereof, nor any income accruing to the government of the Philippine Islands or Porto Rico, or of any political subdivisions of either.

DEDUCTIONS ALLOWED DOMESTIC CORPORATIONS, ETC.

In case of a corporation, joint-stock company or association, or insurance company, organized in the United States the net income ascertained by deducting from the gross income from all sources—

1. All ordinary and necessary expenses in the maintenance and operation of its business and properties, including rentals or other payments required as a condition to continued use of property to which the corporation has not taken title or in which it has no equity.
 2. All losses actually sustained charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for exhaustion, wear and tear of property, arising out of its use in the business or trade.
 - (a) In case of oil or gas wells a reasonable allowance for actual reduction in flow and production, to be ascertained not by the flush flow, but by the settled production or regular flow.
 - (b) In case of mines a reasonable allowance for depletion, not to exceed the market value in the mine of the product which has been mined and sold during the year.
 3. Interest paid within the year on its indebtedness (except on indebtedness incurred for the purchase of obligations or securities the interest on which is exempt from taxation as income) to an amount of such indebtedness not in excess of the sum of (a) the entire amount of the paid-up capital stock outstanding at the close of the year, or if no capital stock, the entire amount of capital employed in the business at the close of the year, and (b) one-half of its interest bearing indebtedness then outstanding.
 4. Taxes paid within year imposed by authority of United States (except income and excess profits taxes) or of its territories, or possessions, or any foreign country, or by any state, county, school district or municipality, or other taxing subdivision of any state, not including those assessed against local benefits.
- Where shares of capital stock are issued without par or nominal value, the amount of paid-up capital stock represented by such shares will be the amount of cash or its equivalent paid or transferred to the corporation as consideration for such shares.
- Preferred capital stock is not considered interest-bearing indebtedness and interest or dividends paid on this stock is not deductible from the gross income.
- In case of indebtedness wholly secured by property collateral, tangible or intangible, the subject of sale or hypothecation in the ordinary business as a dealer only in property constituting such collateral or in loaning the funds thus procured, the total interest paid within the year on such indebtedness may be deducted as part of its expense of doing business. Interest on such indebtedness is only deductible on the amount thereof not in excess of the actual value of such property collateral.

ILLINOIS COLLEGE NOTES

Dr. David Starr Jordan, president-emeritus of the Leland Stanford University will deliver an address in the College chapel Tuesday morning at 9:50. Dr. Jordan comes as one of the speakers on the Reverend George L. Roberts' Foundation. He is well known as one of the famous educators and publicists of the United States. As a public man his most important work perhaps was done as United States commissioner in charge of the Bering seal investigation. As a scientist he is distinguished for his work in the study of fishes. In addition to his work as president of Stanford University he served for a number of years as president of the University of Indiana. He was among the group of distinguished scholars who received honorary degrees from Illinois College on the occasion of the 75th anniversary in 1904. Friends of the College will be welcome at the Chapel exercises.

The leader of the Devotional service at Academy Hall Sunday evening will be George Garrison. His subject will be "What I am Grateful For."

Lieutenant Fairbank Smith, '16, who is on his way from Harvard to Fort Leavenworth, was a guest of the chapel platform Friday morning. Mr. Smith is very well known to many of the recent students of the College because of his relation to the student body as assistant in the chemical laboratory. He received hearty applause from the students Friday morning.

Mr. J. B. Potter went to Champaign on Friday to attend the annual high school conference at the University.

Mrs. Reid McClure, a representative of the student volunteer movement, addressed the students at the chapel exercises Tuesday morning. Mrs. McClure has, herself, served on the foreign field in India.

Christmas cheer bags have been sent to all of the Illinois College men in the service. The bags for the men in France were mailed a couple of weeks ago while the others were put into the mail about a week ago.

Mr. Edwin Greenlaw, ex '97, is managing editor of "Studies in Philology," a periodical of high quality published by the University of North Carolina. Mr. Greenlaw holds the Chair of English on the Faculty of the University of North Carolina.

The military squad at the College has been divided into two companies. The following officers were chosen: Captains, Raymond Wallace and Joel Crouch; Lieutenants, John Lee and John Martin. These officers were selected by a committee of Major Vickery, Professor Ames and Professor Whisler. The choice was made on proficiency in military drill, scholastic grade and class standing. The other officers will be selected later.

Ray Wilson, formerly a student in Whipple Academy, and now in the Marine service at the Brooklyn Navy Yard, was a visitor on the campus Monday.

Friends have received announcement of the wedding of Miss Irene Holbrook Moore, ex '17, to Mr. John Adrain Davenport, Jr. The wedding took place in Salt Lake City, November 14. Miss Moore was graduated from the University of Illinois last June.

The girls of the Y. W. C. A. are making plans for a patriotic Christmas Bazaar, the proceeds of which will assist in sending girls to the Lake Geneva Conference next summer.

The Indian Operetta given at the Auditorium at the end of last Tuesday night was a great success both as a unique and pleasing entertainment, and also financially. The girls are very grateful to Mrs. Wilson and her pupils and Miss Elson

Barnes and Miss Alice Phillips who have made it possible to add about \$50.00, to the Woman's Building Fund.

Johnson's Freeze-Proof will not evaporate. One application sufficient for a winter; will not injure rubber, rust or corrode metal. Time to use it now. Brady Bros.

EVERY MEMBER CANVASS

The Every Member Canvass of the Central Christian church for 1918 will be taken Sunday afternoon, November 25th. The members of the church are asked to remain at home until after visited by the canvassers.

W. H. Harney of Murrayville spent Saturday in the city on business.

DAUGHTER GAVE AGED MOTHER VINOL

Now She is Strong and Better Every Way

Pitman, N. J.—"I suffered from a weak, run-down condition so I could not get around to do my usual light duties, for I am 73 years of age and past hard work. My daughter bought me a bottle of Vinol and asked me to try it, and after taking two bottles I have a good appetite, rest well at night and am stronger and better in every way."—Mrs. F. Anderson, Pitman, N. J.

We wish every feeble, aged man and woman in this vicinity would just try this constitutional cod liver and iron tonic on our guarantee to return their money if it fails to benefit. Formula is on every bottle. Lee P. Alcott, Druggist—Adv.

It Would Surprise You

to know how many Northern folks are planning—and wisely too—to go South this winter. The irresistible charm of the balmy sunny shores of Florida and the Gulf Coast annually draws hundreds of good people from the winter ridden north. The coming of the frosty nights and dreary days are unmistakable signs that it's none too early to begin plans so as to get the most out of your trip. Why not let me help you? Get your copy of our new, compact, pocket-size "Southland" folder. It's filled with valuable information, gathered from years of experience in carrying northern folks south. In it you will find answers to many questions you would ask and a lot of other handy-to-have information. You'll be surprised at the wide choice of interesting tours and what a comparatively small amount of money it takes to purchase a ticket covering a perfectly grand and glorious trip. Come in!

LIST OF SUBSCRIBERS TO Y. M. C. A. WAR FUND

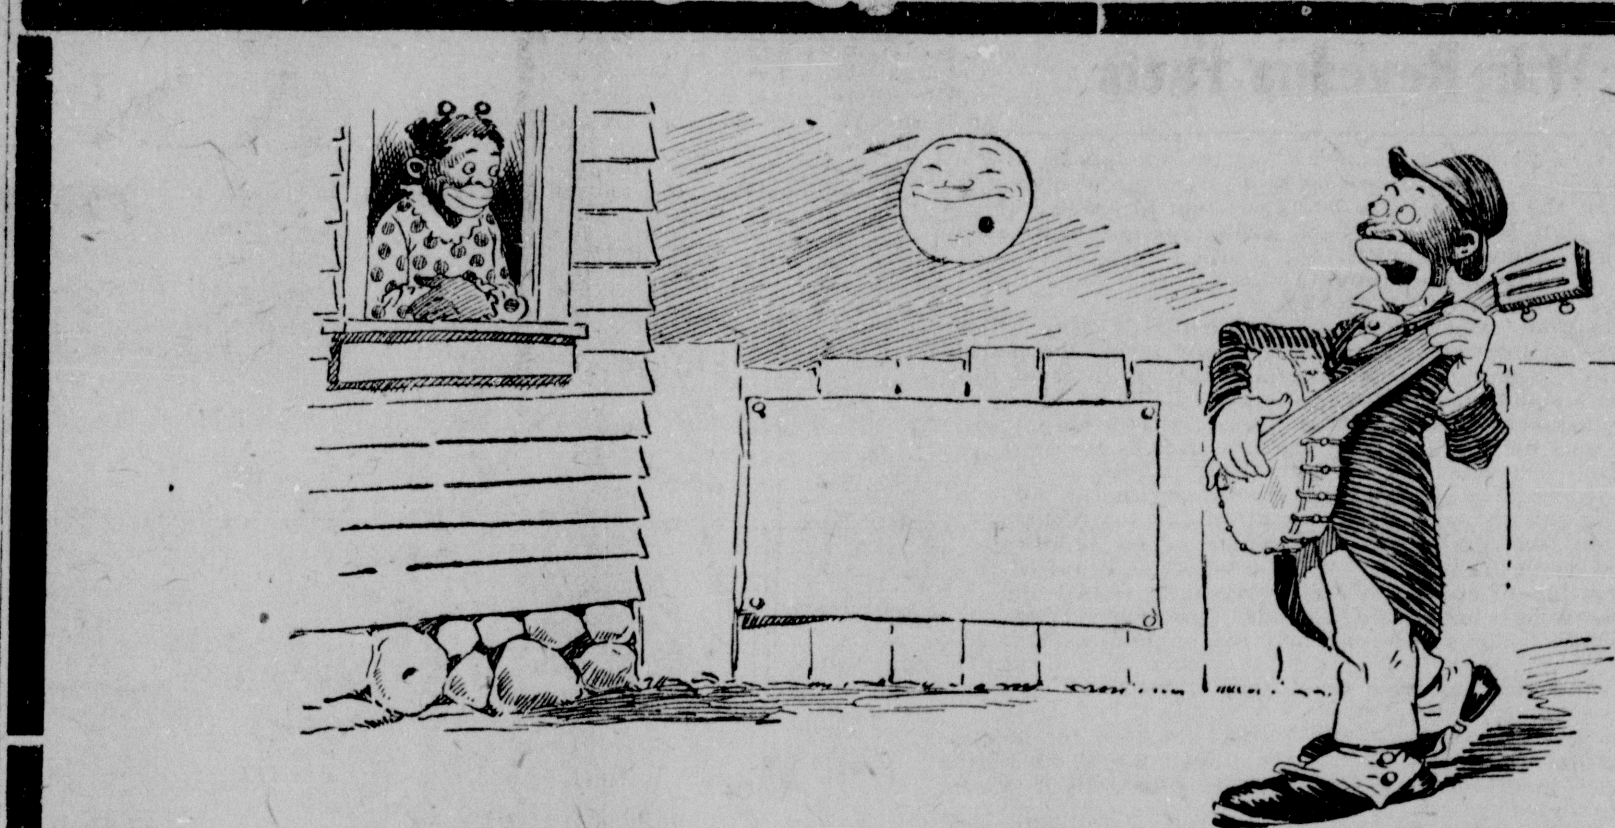

Below is final list of Jacksonville subscribers to the Y. War Fund. This list is in addition to the lists previously published. If any subscribers have accidentally been left off the various lists that have been published, the committee will be glad to be informed. It may be of interest to know that a total of 1,352 individual subscriptions have been recorded on the books of the committee. If the names of all the teachers and students in the schools and colleges and of the employees in various establishments which subscribed collectively were added, the number would probably be increased by 1,500.

It is therefore probable that at least 2,800 individuals of the city of Jacksonville will have given to the Y. War Fund. This figure gives some idea of the very general response to the appeal and is fine evidence of the loyalty and patriotism of our people.

Once more on behalf of the executive committee I wish to thank all of the subscribers and all members of committees and teams whose hard work and co-operation contributed to the magnificent success of the campaign.

WILL LAUNCH FIRST SHIP.

Washington, Nov. 23.—The first ship of the new merchant fleet the shipping board is building, will be launched tomorrow on the Pacific coast. It is a steel vessel of 8,800 tons capacity, for which a contract was awarded six months ago. In December three steel ships of 10,000 tons and three wooden ships of 10,000 tons will be launched.

NOTICE OF FINAL SETTLEMENT.

In the Matter of the Estate of James F. Cowdin, Deceased.
Notice is hereby given that I, W. Cowdin the undersigned, administrator of the estate of James F. Cowdin, deceased, have caused my final report and account as such administrator to be placed on file in the office of the Clerk of the County Court of Morgan County, and that I shall apply to said Court on Monday, the 10th day of December, A. D. 1917, at 9 o'clock a. m. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear, and show cause, if any they have, why such order and discharge should not be granted.
W. T. Cowdin, Administrator of the estate of James F. Cowdin, Deceased.

MANY HORSES BURNED.

Chicago, Nov. 23.—One hundred and fourteen horses and a dozen motor trucks were destroyed tonight in a fire which consumed the barn of the Zipprich Teaming company. Because of its quick spread and unexplained origin, officials are investigating the cause of the fire.

Over the Top

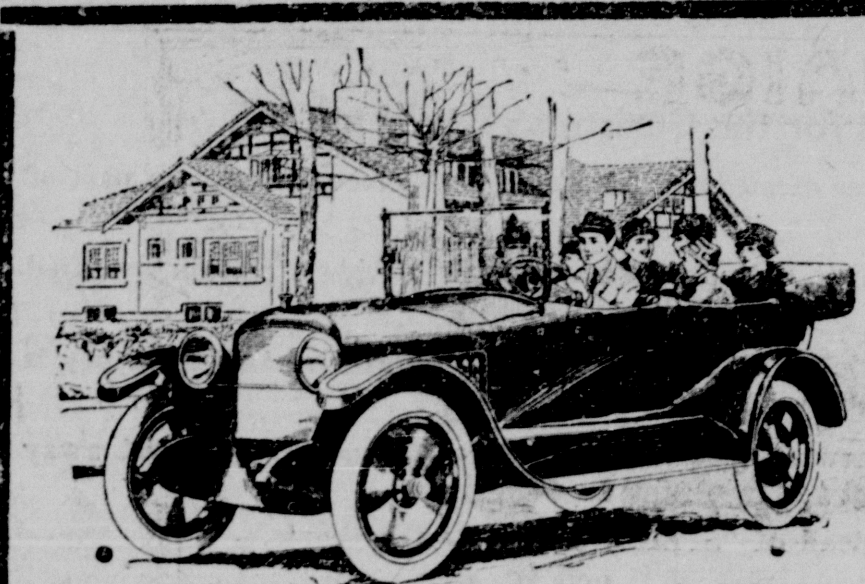

Fifty Three Years Ago Today Was Fought the Battle of Mission Ridge.

After the Union Army had met with disastrous defeat in the Chickamauga holocaust, which occurred September 19, 1863, the hosts in blue under Gen. W. S. Rosencranz retreated from the faithful field into and around Chattanooga, and remained there in a state of siege from Sept. 19, until Nov. 23, 1863. After the battle of Chickamauga the army was reorganized and Gen. George H. Thomas was appointed to succeed Gen. Rosencranz in command of the Army of the Cumberland. For nearly two months the Union Army was cooped up in around the little town of Chattanooga while Gen. Grant, with his victorious gray legions, occupied Mission Ridge and Lookout Mountain. All these weary weeks of waiting and anxiously hoping for re-enforcement the army was literally starving. Horses and mules by the thousands died from hunger and officers and men suffered for food as men had never suffered before. The poor animals died gnawing on wagon beds and trees. Men grubbed in the dirt and dung for stray grains of corn that might have fallen when forage was plentiful. Chattanooga was the key to the heart of the Confederacy and it was important that it be held. All these strenuous days and weeks the rebel cannon from Lookout Mountain and Mission Ridge continued from day to day to belch forth from their black throats their missiles of death and destruction. To hold out against such overwhelming odds seemed like a forlorn hope and it looked like surrender was inevitable and Andersonville among the possibilities for the defenders.

Gen. Grant telegraphed Thomas from Washington to "hold Chattanooga at all hazards."

Thomas answered by saying that "Will hold Chattanooga till we starve." And we did both—we starved and held the fort.

Grant came down from Washington for its share of the crimson drama.

Saddle Rock was above the mists that hung like a shroud over river and sea. Amidst the crash of musketry and the sullen boom of the artillery there was a rift in the clouds and we could see, high on the very pinnacle of old Lookout, the flag of the Eighth Kentucky Infantry planted there by the loyal men of a state that gave us Abraham Lincoln.

It was a famous victory and was won by the valor of men of unconquerable will and a determination to do and die for this cause of the Union and to forever place the seal of condemnation on the right of any state to break up the grand galaxy of states composing the republic now under the shadow of Prussian Militarism. And as the boys of the sixties "went over the top" of Lookout Mountain and Mission Ridge, the survivors of these heroic days feel in their aching old bones that the boys of today who from the new grand army now in France, and those to follow, will go "over the top" and bring old Glory back to the land made free by the heroism of those who marched and fought and died that this nation, under God, should be dedicated to the cause of freedom, not only at home, but to the remotest parts of civilization, and wherever its shining folds shall kiss the sun there it will be planted as the standard of universal democracy, universal freedom and the universal rights of all the people in every country and in every clime under the star-jeweled dome of heaven.

Nor shall the gates of hell, nor the frightful menace of the mailed fist prevail against a cause that cost 400,000 loyal lives, among them being that of the martyred Lincoln, the greatest man since the lowly Nazarine trod the shores of Galilee. And may He who stood by us and with us in the cause of freedom, stand by and with the crusaders of this day and generation to make that freedom secure for all time. For it is worth all that we can give in blood and tears and treasure now, just as it was when the boys of the sixties marched and counter-marched, fought and bled and died on the field of battle, and perished miserably in those castles of death—miry belfries of untold torture, known as military prisons in the southland. Much was expected of us, and much was given, even life, to fill to overflowing the full measure of devotion to the cause of freedom during those four years of the red tempest that swept our fair land as a besom of destruction, filling the homes of the north with mourners for loved ones who had gone down to death to save and make secure the priceless boon of human liberty—not only for the bondman of that period of our national life—but that all men, regardless of race or creed, or previous condition of servitude, should live and enjoy the inalienable right of living under a government founded on the broad, justice-loving principle of, and by, the consent of the governed. That was our slogan more than a half century ago. And just as sure as "eternal vigilance is the price of liberty," just as sure are we that we will win in this great crusade for universal freedom, and that autocracy and the so-called rule by divine right, will perish from the earth, as did the rule of the slave driver in the days when a white man could sell a black man on an auction block to the highest bidder before the great emancipator struck the shackles from 4,000,000 of God's creatures by the immortal proclamation which decreed that all men should be free to pursue the paths of peace and happiness with no one to molest or make them afraid. We are now committed to the task of demonstrating whether we are capable of self government, or whether we shall take orders from the man on horseback with a mailed fist and an iron heel of oppression who aspires to rule the world or encompass its ruin.

So as we went "over the top" at Lookout Mountain and Mission Ridge let the boys of today go "over the top" "over there" and help to save what we handed them down from the history making days of the early sixties.

Let the heroic sacrifices of the boys in blue of those far off days be an inspiration to the new army of today to do as did the Union volunteers, and all will be well in a world cleansed by fire and sword and the friendship of nations be welded in the fire of battle, so that the day will come when war shall be no more, and the menace of Prussian Militarism will be relegated to the realms of eternal oblivion, and peace will cover the earth even as the waters cover the great deep.

So mote it be. J. M. Swales.

SOCIAL SERVICE LEAGUE PLANS WINTER WORK

At Recent Meeting Steps Taken to Carry on Work During Winter Months—City Report Will be Made at Next Meeting—Co-ordination of All Charity Work is Object.

At the annual meeting of the Social Service League held recently plans were outlined for the winter's work. Next Tuesday at the annual business meeting of the Board of Directors will occur the election of officers, appointment of committees and other matters of interest.

The main object of the League is the co-ordination of all charity forces in the city so that each may know what others are doing and by a consensus of opinion better results may be obtained. This idea of co-operation is nothing new in Jacksonville, having been exemplified for years in our Associated Charities, which was among the first of those organized in this state. The new name, Social Service League, was adopted as indicating a somewhat broader scope than that of mere charity.

The League at present carries on most of its activities thru three standing committees, which report at the monthly meetings of the Board.

The Relief Committee, of which Mrs. Keith Montgomery is chairman, has in charge the giving out of supplies, especially clothing. There is need at present for bedding and for school children's clothing (two boys of 10 and 12 and one girl of 12). These may be sent to the League office in the King building at any time. Baby clothes are also wanted and a few more chairs could be used in the office.

Mr. Charles Story who is chairman of the finance committee has a number of plans on foot for raising money. Funds for both relief and administrative work are necessary for intelligent and successful charity work and it is hoped that many new members can soon be secured, at an annual fee of two dollars or more.

To the Case Committee belongs the important task of sifting out the deserving from the undeserving applicants, of determining how best to care for those unable to care for themselves, of looking after delinquent children and finding work for those able to work. This committee is composed of representatives of all the charity organizations which have thus far affiliated themselves with the League. There are at present sixteen members, representing as many churches, lodges, clubs, etc. Meetings are held every two weeks and it is hoped that all cases of destitution and need in our city will be reported to some member of this committee, a list of whom follows: Mrs. E. P. Cleary, chairman; Mrs. J. W. Brown, State Street Church; Mrs. Jerry Cox, Baptist; Mrs. E. L. Kinney, Centenary; Mrs. G. L. Merrill, Congregational; Mrs. W. F. Widmayer, Christian Science; C. O. Redding, Brooklyn; Mrs. Ralph Dunlap, Grace church; Miss Martha Coale, Anti-tuberculosis league; Miss Johnson, school nurse and truant officer; Mr. Harry Obermeyer, Elks; Rev. M. L. Pontius, Central Christian church; Miss Claribel Hopper, Free Kindergarten; Mrs. David Reid, Woman's club; Mrs. Walter Bradish, Westminster and Miss Weller, Superintendent of Charities.

CONSERVATORY NOTES

The Thanksgiving recess lasts thru Thursday and Friday of this week. Teaching will be done, however, in the Conservatory on Friday and Saturday. Mr. Kitch and Mr. Munger will be in Chicago for the Opera during the short holiday. Most of the faculty members will remain in Jacksonville.

Miss Mary Daniels, a graduate of the Conservatory, came down from Petersburg to attend Mr. Munger's recital last week.

Mr. Dean Cochran will give a program of violin music for the Amateur Music Club of Springfield on Monday afternoon, November 26th.

The Indian Operetta, "Hiawatha's Childhood," performed by members of Mrs. Wilson's class last Tuesday evening, was most successful. The large audience responded to each number with appreciative applause, and a good sum was netted for the Woman's Building fund.

In the musical program given at the Y. M. C. A. next Friday, November 30th, the Conservatory will be represented by students from the voice, violin and piano departments.

Special music will be given at the Christian church Thanksgiving day, under Mrs. Wilson's direction. The large audience responded to each number with appreciative applause, and a good sum was netted for the Woman's Building fund.

Mr. Munger played some piano solos at the Reading given by Miss Cera Mel Patten last Monday evening in Recital Hall.

WOMAN'S COLLEGE NOTES

President Harker is attending a High School Conference in Champaign. While there he attended a meeting of Woman's College students, who are now at the State University. Prior to this meeting in Champaign he has been working with the Commission on Finance, which held its session in Chicago earlier in the week.

Mrs. McClure, who has been representing the Student Volunteer Board of the Young Woman's Christian Association, was at the college over the week end of November 17th. She held a conference with a number of the students on Saturday night and on Monday morning.

Miss Cecile Long, who is representing the Chicago Training school, left Saturday morning after spending four days at the college.

The Expression recital which was held in Music Hall Saturday evening attracted a large audience, who were delighted with the splendid program given.

IT COSTS NOTHING TO JOIN

There is no entrance fee of any kind.

You get back every cent you pay into the Club.

HOW TO START

Look at the different clubs in the table below and select the club you wish to join then come into our bank with 10c, 5c, 2c, 1c or 50c, \$1, \$5 or whatever sum you like; we will make you a member of our Christmas Banking Club and give you a Bank Book showing the amount of money you have paid in, and the Club you have joined.

This is all there is to it.

Everybody Can Join—Nobody is Barred Out

Everybody should join.

MEN and WOMEN, BOYS and GIRLS, LITTLE CHILDREN, the BABY — all should join.

You can take out memberships for your family or friends.

An employer can take out memberships for his employees.

We will welcome everyone.

Parents should join our Christmas Banking Club to set a good example to their children. The saving habit acquired early in life is of untold value to them in the future.

The Christmas Banking Club is the best way to learn to save money.

The Reasons for the Christmas Banking Club

To provide a way for those of moderate and even small means to save a part of what they earn.

To teach the saving habit to old as well as young by having a certain specified sum to save each week.

To make it easy for little children to learn that saving and banking money is the sure way to accumulate money.

To teach economy by showing that the small amounts usually frittered away for unnecessary things amount to large sums in a short time.

To make "SAVERS" instead of "SPENDERS" out of the people.

To help others to help themselves.

You Can Pay As Many Weeks In Advance As You Wish

Make the Largest Payment First

A very popular way of joining the Club is to begin with the largest payment first. Then you decrease your payments each week. This makes it easy at the end.

For instance, if you join the 5c Decreasing Club your payments are—

1st Week	\$2.50
2nd Week	\$2.45
3rd Week	\$2.40

Each week you decrease your payments 5c. Your last payment is only 5c. In 50 weeks you have \$63.75.

We have decreasing Clubs in 1c, 2c, 5c and 10c.

Clubs to Fit Every Purse

Our Christmas Banking Club is for YOU. It was made to admit everybody by having Clubs for small as well as larger amounts.

No matter how much you earn, be it a large or small amount, we have a Club that you can and should join.

The best advice your best friend can give you is to learn to save your money.

If you haven't learned this, begin now. Join our Christmas Banking Club.

It is the only sure road to wealth.

Ask any rich man today how he got his start—He will tell you it began with a small Savings Account.

Make your start. Make it NOW—Join our Christmas Banking Club.

You will receive three per cent interest

Red Blood and Courage!

(By Dr. W. C. Lucas.)

What drives the men right up to the trenches in this war is courage, and it's red blood that "puts the heart" in the men. Did any one ever see a puny, thin-blooded man ever rush into the fight with any chance of winning out? With rich, pure blood you can face any hardship, reach any goal. But you are handicapped in the race of life without it. Every tissue, bone, muscle, should take from the blood certain materials and return to it certain others. When the poisons accumulate in the blood, perhaps the face breaks out in pimples, or boils appear on the neck, and we feel languid, tired, our vitality is at a low ebb, and we easily catch cold.

It's time to take an alternative extract and blood-purifier, taken from Nature's forests. Such a one is made up of Golden Seal, Blood and Stone root, Oregon Grape and Queen's root—extracted with glycerine and made into sugar-coated tablets or liquid, and this has been sold by druggists for the past fifty years as Doctor Pierce's Golden Medical Discovery.

NEOGA, ILL.—"Some six years ago I was laid up from work and worry. I am a blacksmith by trade. I had to give up work as I was so nervous at times I did not know what to do. I could eat scarcely anything; got so weak I could hardly walk from the house to the barn. Was in this condition for about a month when I commenced to use Doctor Pierce's Golden Medical Discovery and Pleasant Pellets. After using the above remedies I felt like a new person, and since that I have been using Dr. Pierce's remedies whenever I need a medicine. I find they do me more good than any medicine I ever used, and I am ever ready to tell others of the good they have done me and my faith in them."

The Real American Beauty

How glorious and wonderful is the advent of another life. When baby is born there comes into the world a new soul, the real American Beauty. When the hour arrives it should be the dawn of a new and perfect future. The joy of motherhood should be as free from fear and danger as it is possible to make it. Thousands of women have used the safe and reliable application, "Mother's Friend". It is a wonderful help to nature in relieving strain and distress brought about by expanding muscles. The nervous, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relax with the baby's birth. "Mother's Friend" makes it possible for the expectant mother herself to actually aid nature in the glorious work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis.

Do not fall under any circumstances to get this greatest remedy, ever compounded for expectant mothers. Write to the Bradfield Regulator Co., Dept. J, 266 Lamar Building, Atlanta, Ga., for their book, "Motherhood and the Baby". They will send it free. It is not only very useful, but will make you a helpful mother. Remember to ask your druggist for a bottle of "Mother's Friend" today.

IDAHO WOMAN MADE WELL

Lydia E. Pinkham's Vegetable Compound Did the Work. Nothing like it.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. PERCY PRESTIDGE, Aberdeen, Idaho.

Women who suffer from those distressing ills peculiar to their sex should be convinced by the many genuine and truthful testimonials we are constantly publishing in the newspapers of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health. To know whether Lydia E. Pinkham's Vegetable Compound will help you, try it! For advice write to Lydia E. Pinkham Medicine Co. made for all day services. Dr. A. B. Morey and Dr. F. M. Rule having charge of the morning service, at which time an opportunity will be given for everybody, not to "do their bit", but to do their best in raising the amount of money to clear the church debt. All members of the church are requested to come and bring their donations and remain for the afternoon service. It is important that every one engage in this part of the work in order to make it a success.

Dr. E. B. Landis will have charge of the afternoon service, in connection with the other pastors and friends of the city. It is very necessary that every member of Northminster church make a strenuous effort to be at this service, in order to show our appreciation of these visiting brethren for the interest they have taken in our work.

Afternoon meetings at 2:30. The evening service will be conducted by Dr. Morey and Dr. Rule at which time we expect to finish the raising of money sufficient to "go over the top"; and if this is done there will be a general praise meeting.

To all these services the public is cordially invited. We wish to hereby express our appreciation to all the good friends for their generous donations and for the kindly interest they have taken in this occasion. The pastor very much regrets that on account of his illness, he will be unable to attend; but he feels that everything will go all right, because of the good hands into which the work is left.

Sunday school at 9:30. Christian Endeavor at 6:30. Prayer meeting Wednesday evening 7:30.

Westminster Presbyterian church—Edward B. Landis, pastor. The

Sunday school will meet at 9:30. The school is organized with classes for all and a welcome is extended to all. Morning worship at 10:45. Evening worship at 7:30. The pastor will preach at both services. A cordial invitation is extended to every one for these services. The ladies will sew at the church on Wednesday. Prayer meetings this week at 7 p. m. instead of 7:30.

RED CROSS CORN SALE BROUGHT GOOD SUM

The corn recently contributed by a number of farmers to the South Jacksonville auxiliary of the Red Cross was auctioned off in front of the Ayers National bank Saturday afternoon. About 25 bushels had been contributed and it brought a total of \$40. Jerry Cox acted as auctioneer and J. H. Reid as clerk.

M. A. Hulet paid the highest price \$2 for a bushel. He also purchased several bushels more at varying prices. The average per bushel was \$1.10. A number of donations were made after the first contributions. These were Charles Ashbaker, W. I. Crabtree and William Barr. Walter Carter and others gave the auxiliary \$1 each in cash. J. H. Cain & Sons donated sacks for sacking the grain.

To Mrs. Lambert Hastings credit is due for her efforts in soliciting the corn. She did a great deal of work which resulted in the placing of a good sum in the treasury. William McDaniel also should be mentioned as he drove thru the district and brought in the corn.

J. P. Brockhouse of Ardenville was a business visitor in the city Saturday.

MADDOO EXPLAINS WAR RISK INSURANCE

Secretary of Treasury Points to Provisions of Law Designed to Financially Protect Families of Soldiers.

Washington, D. C., Nov. 24.—Secretary W. G. McAdoo addressed the following statement relative to war risk insurance to the officers and enlisted men and women of the army and navy of the United States and their relatives:

The secretary of the treasury, through the bureau of war risk insurance, has been charged with the administration of the war insurance law enacted by the congress as a measure of justice to the men and women who have been called to give their lives, if need be, in the service of their country.

I wish to acquaint you with the benefits and privileges which your government has placed at your disposal. It is essential that you and your families at home should know of your and their rights under this law in order that full advantage may be taken of them.

To care for the wife and children of the enlisted man during his service, the war insurance law compels him to contribute up to one-half of his pay for their support. The government, on application, will generously add to this an allowance of from \$5 to \$50 a month, according to the size of the family. Moreover, if the enlisted man will make some further provision himself for a dependent parent, brother, sister, or grandchild, they may be included in the government allowance.

If, as a result of injuries incurred or disease contracted in the line of duty, an officer or enlisted man or an army or navy nurse should be disabled, provision is made for compensation of from \$30 to \$100 a month to him, and, should he die, compensation of from \$20 to \$75 a month will be paid to his wife, his child, or his widowed mother.

In order, however, fully to protect each person and family, congress has made it possible for every soldier, sailor and nurse to obtain life and total-disability insurance. This insurance applies to injuries while he or she is in the service or after he or she shall have left it.

Rates in Private Companies Prohibitive
Exposure to the extra dangers of war makes the cost of life insurance in private life insurance companies prohibitive. It was, therefore, a plain duty and obligation for the government to assume the risk of insuring hundreds of thousands of soldiers and sailors who are making the supreme sacrifice. Under this law, every soldier and sailor and nurse, commissioned and enlisted, and of any age, has the right, be-

tween now and February 12, 1918, to take out life and total-disability insurance up to \$10,000 at very low cost, with the government without medical examination. This right is purely optional. The soldiers and sailors are not compelled to take insurance, but if they desire to exercise the right, they must do so before the 12th of February, 1918. The cost range from 65 cents monthly, at the age of 21, to \$1.20 monthly, at the age of 51, for each \$1,000 of insurance. This is a small charge on a man's pay—small in proportion to the benefits it may bring. The premiums will be deducted from his pay, if he desires, thus eliminating trouble on his part.

To provide adequate protection until February 12, 1918, during the period when the soldiers and sailors are learning the details of this law, the government automatically insures each man and woman, commissioned or enlisted in the military service of the United States. It pays the man \$25 a month during total permanent disability; if he dies within 20 years it pays the rest of 240 monthly installments of \$25 each to his wife, child, or widowed mother.

Officers and Men Should Know Facts
I desire to call the provisions of this just and generous law to the attention of our officers and enlisted men and women so that they may not be deprived of their rights through lack of knowledge. Full information may be obtained from the bureau of war risk insurance of the treasury department, Washington, D. C. I earnestly urge that the officers of the army and navy give to the men under their command all possible aid in helping them to understand fully the benefits that this insurance may bring to their families and the small cost at which it may be obtained.

This is the greatest measure of protection ever offered to its fighting forces by any nation in the history of the world. It is not charity; it is simply justice to the enlisted men and women and to their loved ones at home, and each and every one of them should promptly take the benefits of this great law.

W. G. McAdoo,
Secretary of the Treasury.

Packard Reeder Returns
Packard Reeder, son of Mr. and Mrs. Giles Reeder of Winchester, returned home today after receiving his honorable discharge from the United States Marine service after four years of service. Young Reeder was first stationed with the marines on the Pacific coast during the construction of the world's fair at San Francisco. After some period of service at the Golden Gate, he spent a year and five months in San Domingo. He also saw duty in Mexico at the time seventeen of his comrades met death at Vera Cruz and Gen. Huerta did not see fit to salute the stars and stripes. He has had many and varied experiences during his period of service and can tell of many exciting events encountered.

Mr. Reeder received his discharge from the U. S. service about five weeks ago in New York. Since that time his parents have been expecting him in this city but were surprised by his arrival today as they had no word that he was coming.

TAKES SOUTHERN PASTORATE
Jacksonville friends of Rev. James M. Duer will be interested in knowing that he is now pastor of a Presbyterian church at Clarksville, Tenn. Two years ago Rev. Mr. Duer gave up his Wisconsin church to take the management of a ranch in Alabama. He did not leave the ministry but preached in a chapel near his farm home each Sunday. Now certain business changes have resulted in his again devoting his entire time to ministerial work and he has taken the pastorate of a prosperous church at Clarksville.

Are You Wasting 10% to 25% of Your Feed?

Feeding whole corn, oats, rye and other grains is extremely wasteful. It doesn't profit you—it doesn't help the stock; all it does is keep just so much valuable feed-stuffs from the hungry world. You can use 10 to 25 per cent less feed—your stock will thrive better—you will make more money for yourself and "do your bit" towards feeding the world if you grind all of your farm animal feed with a

ARTICLES MADE BY BLIND WERE SOLD YESTERDAY

Special sale of Articles Made by Blind Persons at Andre and Andre Store yesterday was a success—Many Useful Articles Displayed—Music Furnished by Pupils from State School for the Blind.

The front part of the Andre and Andre store presented a beautiful spectacle yesterday on the occasion of the sale of articles prepared by the blind. With a view to assisting the sightless to make a living the state appoints instructors to go to their homes and teach them. A committee consisting of Mrs. F. G. Myers, Miss Ethel Kimball and Loren Rodenberg of this city are on a special committee to secure instruction for the blind and the sale of their articles, and to that end they have exerted themselves very industriously and with good results. The bazaar at the store yesterday presented an interesting spectacle.

There were bedspreads, rugs, hammocks, brooms, bead work, all kinds of fancy work, embroidery, woven beads and a number of things which it would seem almost impossible for the blind to make. The hours were happily enlightened by music by Harold Wright and Nettie Meek, violin, and Claude Rynders, piano, and these skillful young people played with great satisfaction to the large numbers who heard them.

The sale was quite encouraging and hopes are entertained that it will be an annual affair, taken also to other places, and thus render valuable assistance to those who have been deprived of their sight. Those in charge of the sale were Mr. and Mrs. M. B. Crabb, Misses Sain, Brown, Newman and Swank and Mrs. Hocker and all performed their duties most capably.

BROOKLYN PEOPLE TO OBSERVE 50TH BIRTHDAY

Plans Completed for Celebration of Important Anniversary in December—Well Known Names Connected with Brooklyn's History.

Rev. W. W. Theobald and people of Brooklyn church are preparing for an appropriate observance of the fiftieth anniversary of the church Dec. 14, 15 and 16. It will be a home coming for members of the church and social services are to be held three days beginning Friday evening, Dec. 14, and continuing thru Sunday evening, Dec. 16. Rev. Mr. Theobald came to Brooklyn in 1913 and his work there has been of such a kind that the church has grown and has widened its sphere of influence and usefulness.

The history of Brooklyn shows that the Illinois annual conference in September, 1866, appointed Rev. J. M. Lane to a mission in Jacksonville with an appropriation of \$500. At the first quarterly conference Oct. 9, 1866, Dr. Peter Akers was the presiding elder and the first official board was elected. This board included Matthew Stacy, Thomas Strawbridge, W. L. Ennis, Dr. Knight, J. W. Brown, W. Gunn and H. Rucker. The church increased in membership and later a brick edifice was built. Just a few years ago the building was entirely remodeled and is now modern in every way.

Three Days Program. The plans completed for the celebration are of an appropriate kind. At the opening session music will be furnished by the College of Music and the address will be given by Rev. C. R. Morrison of Chestnut. Saturday there will be a fellowship meeting and reception at 2:30 in the afternoon, with an address by Rev. J. E. Artz of Ashland. At the evening session Rev. E. B. Madden will make the address. Sunday there will be Sunday school at the usual hour and at 10:45 a sermon will be delivered by Rev. E. L. Fletcher. At 3 p. m. an old time class meeting will be held and at 7:30 o'clock p. m. an address will be made by Hon. George H. Wilson of Quincy, whose father was at one time pastor of the church. Music for this session will be furnished by the Illinois Conservatory of Music.

Charter Members. The original members of the Brooklyn church whose names appear on the record compiled by Rev. Mr. Lane were as follows: Lewis F. Anthony, Mary J. Anthony, Clara C. Anthony, Ann Ainsworth, George Baker, Nancy Baker, Sarah K. Birge, Hannah Dietrick, Henry M. Ennis, Mary A. Ennis, Jane A. Elliott, Wilbur Elliott, Mary Foster, Jacob J. Gardner, Sylvine Gardner, B. W. Gann, Fanny Hall, C. Hamilton, Sarah Hamilton, Henry Humphrey, Sarah Humphrey, Jennie Humphrey, Mary Lane, Hester Willard, Hannah McFall, Effie McCormick, Martha Metcalf, Ann Neal, Hannah Neal, Elvira Pemberton, Benjamin J. Rucker, Jennie Rucker, Michael Rapp, Martin Rippon, James Strawbridge, Matthew Stacy, Ann J. Stacy, Margaret Stacy, Eliza Short, Lydia Sibert, Milton Sibert, E. M. Sanford, Elizabeth Spencer, Rhoda Tomlin, Rachel Tomlin, Martha M. Tomlin, Lucinda Wilhoit, Matilda Young.

Pastors of the Church. The pastors of the church in the order of their service have been: 1866, John M. Lane, (died in pastorate); 1867, S. Hargrave; 1868-9, J. Hardin Wallage; 1870, George J. Barrett; 1871, W. W. Roberts; 1872-1873, J. W. Sinnock; 1875-7, W. H. Moore; 1878-80, W. P. T. Spruill; 1881-2, George B. Woulfe; 1883, David Gay; 1884-6, James Leaton; 1887, Henry Wilson; 1888, A. P. Stover; 1889-90, Wm. H. Johnson, (died in pastorate); 1891, P. B. Madden; 1892, E. E. Carr; 1893-4, T. M. Dillon; 1895, J. E. Artz; 1897-9, Preston Wood; 1900-1, M. M. Wiant; 1902, J. R. VanPelt; 1903-6, W. H. Musgrove; 1907-10, C. R. Morrison; 1911-2, H. S. Alkire; 1913-7, W. W. Theobald.

Present Officers. The present trustees and stewards of Brooklyn church are: Trustees—T. B. Reeve, W. J. Bourn, George Belzer, J. H. Reid, C. A. Boruff, Wm. McCurley, L. T. Potter, J. A. Walter, Frank Bourn, secretary.

Stewards—J. A. Walter, T. B. Reeve, Elmer Beasall, Mrs. C. O. Redding, Mrs. M. M. Cordes, Mrs. Mary M. Dickens, Mrs. L. Shawen, Mrs. J. W. Moon, Frank Bourn, Treas.: Miss Sadie Stacy, Secy.

WANT AGENT WITH WIDE EXPERIENCE

Farmers' Club Advisory Council Held Long Session Saturday—Difficult Now to Get Qualified Men.

The advisory council of the Morgan County Farmers' club held a meeting at the court house Saturday. The session was called by President Black in accordance with the provisions of the constitution. All but two or three members of the council were present and during a two hours' session various matters relative to the county agent were discussed. It was the opinion of a majority that in securing a county agent an effort should be made to locate a man who has varied experience in both agriculture and animal husbandry. As previously stated, the government requires that an agent shall have both university training and practical experience and it is desired here that this experience shall cover lines of farming that are followed in this county. When the plans for securing an advisor were under way blanks were sent to each member asking for an expression of opinion as to the qualifications for an advisor and almost all of the replies indicated that a man with general experience should be sought.

Problems More Complex. There are some problems relating to soil conditions and others relating to the raising of hogs, cattle and sheep, about which farmers now especially feel the need of advice. The question of suitable seed promises to be one of large importance the coming year and in fact there will be more puzzling questions relating to agriculture and stock raising the coming year than has been true even in the past.

In a recent letter to a Morgan county farmer W. H. Stevenson, son of H. H. Stevenson of this city and for several years a member of the faculty of the Iowa state college at Ames, expressed his great gratification that Morgan county has joined in the crop improvement association work. Mr. Stevenson has much to do with aiding the Iowa crop association to secure agents and mentioned in the letter that it is very difficult this year to secure qualified men because the demand is so great. The government's activity in promoting crop improvement association work all thru the best agricultural states of the country has resulted in the organization of many new associations, and so the demand for agents has increased proportionately.

Advisory Council Members. The advisory council of the Morgan county club is already in correspondence with a number of men in the hope of finding a candidate for the local position whose qualifications give promise that he is the man needed for the local work. The advisory council of the Morgan county club as now constituted is as follows:

13-8—O. A. Rohrer.
14-8—Martin A. Van Winkle.
15-8—W. Barr Brown.
13-9—F. M. Spies.
14-9—Charles R. Gibson.
15-9—J. W. Arnold.
13-10—J. E. Osborne.
14-10—Robert L. Harney.
15-10—Yuba Y. Funk.
16-10—C. P. Gaines.
13-11—Albert R. Hayes.
14-11—W. F. Frost.
15-11—H. E. Kitchner.
16-11—Harold P. Joy.
15-12—Albert Anderson.
16-12—Alfred G. Brookhouse.

THIS COMING WEEK A SPECIAL CUT WILL BE MADE ON EVERY SUIT IN OUR HOUSE. J. HERMAN.

A THREE-CORNERED HOSPITAL BENEFIT

Mrs. E. W. Brown, with a laudable desire to promote the welfare of Passavant hospital, gathered together a number of kindred spirits in Ayers National bank yesterday and an organization was effected for the purpose of conducting a "three cornered sale Dec. 8. The first idea was to have a "white elephant" sale but the ideas have advanced and consequently the ladies have decided to add farm products and aprons. The farm products will be such articles as potatoes, corn or any kind of vegetable which may be donated by farmers for this purpose, and it is hoped that the response will be very liberal. The ladies desire to begin the foundation of a fund for a new laundry at the institution, something greatly needed, and it is the desire to have it erected next spring, and to this end an effort will be put forth. A chairman for each church in the city was appointed as follows to solicit and work for the sale:

Christian—Mrs. John Reynolds.
State Street—Mrs. F. E. Farrell.
Congregational—Miss Maria Fairbank.
Trinity—Mrs. Mathews.
Westminster—Mrs. Rayhill.
Westminster—Mrs. Vanworth.
Baptist—Mrs. Rapjohn.
Grace—Miss Mary Wadsworth.
